Operations. A night watch was maintained tonight at the war department in the hope that further dispatches from Pershing would be received. Secretary Baker wired General Funston to endeavor to get further details of the Guerrero engagement, and inquired especially regarding conditions of the four cavalymen reported slightly wounded. It was believed their injuries were so trivial that General Pershing refrained from forwarding their names.

Far from Communication. Colonel Dodd is far from a point of communication, at least fifty or seventy-five miles. While he probably halted his troops for a brief respite after their fifty-five mile dash, followed by a running fight of five hours, officers here do not believe he is far from communication. Difficulty in securing supplies and water at this distance from the main command of General Pershing may have handicapped him, but probably did not delay the chase many hours.

Initiation of the agreement by which the American troops would have temporary use of the Mexican Northwestern railway, pending ratification of a more comprehensive protocol, apparently has been halted thru failure of the Carranza authorities at Juarez to receive instructions regarding it.

Secretary Baker said today he had received his instructions to General Pershing to tender supplies for the railway authorities. Information from General Carranza was that General Gaviira was awaiting instructions from General Carranza, which agreed to the arrangement several days ago to put it into actual effect.

The possibility that the American troops may contract typhus fever, which is epidemic upon the Grand Plateau of Mexico, caused the war department to issue a special bulletin today warning the troops to guard against infection. The bulletin says the soldiers should observe the closest attention to their personal cleanliness.

Being Story of Murder.

El Paso, Tex., April 1.—The story of the murder of three Americans, a German and an Englishman at Minaca was brought here today by Americans arriving from Chihuahua City and was accepted as authentic by federal officials.

The bandits' victims were Benjamin Snell, Dr. A. T. Stell, Lee Lindsey, Americans; Herman Blankenburg, a German; Donald McGregor, also known as Bruce, a British subject.

Two other Americans, Henry Acklin and Frank Woods, were in Minaca at the time, but their fate is unknown. The news was brought to Chihuahua City by J. H. Locke, the only American known to have escaped the massacre.

According to the story, Villa captured Minaca. Guerrero and San Isidro last Monday. Everywhere he went he announced his intention of putting to death every "gringo" that fell into his hands and he carried out his intention. As far as the Mexicans were concerned the bandit promised safety to all those who did not take up arms against him. No quarter was shown to the Carranzista troops who attempted to resist him.

The one gleam of light in the dark story is the probability that Villa's blood lust is what enabled Colonel Dodd to deliver his crushing blow at San Geronimo ranch two days after the crime of Minaca, a blow that has raised high hopes that the bloodthirsty brigand's days are now numbered.

According to the refugees, General Luis Herrera left Chihuahua City on Tuesday with a large number of troops. His destination was not made public. There were numerous reports in El Paso today that Villa was already captured. Some of these were very circumstantial, but not one of them was capable of verification. The wish being father to the thought was apparently the basis for most of the stories.

Villa Wounded in Raid. It was in the raid on Guerrero last Monday that Villa was wounded, be-

ing shot in the knee, according to a message received today by General Gaviira at Juarez from General Gutierrez, telegraphing from Chihuahua City. Gaviira had asked for further information about Colonel Dodd's battle.

Gutierrez explained that the wires were working badly on the southern loop and he had only the bare details of what had been accomplished by the Americans.

But the telegram received said that Villa broke into Guerrero at 3 o'clock Monday morning. The garrison engaged the assailants in heavy street fighting. A number were killed on both sides. Then the Villa force looted the stores, but made off as soon as the Americans approached. Villa was wounded in the knee.

Telegrams received from Chihuahua City in Juarez today said that a freight and passenger train on the Mexico Northwestern railroad had been wrecked some weeks ago between Minaca and Chihuahua City. Twenty-seven Mexicans, including women and children, were killed. One American was on board, but escaped uninjured.

The same advices said that the paymaster of the El Potosi Mining company had been robbed by bandits three miles from Chihuahua City three days ago. There were twenty in the band and they let the paymaster go after taking seven hundred pesos from him.

Discover Track in Snow.

Camp of Commanding General, at the Extreme Front, April 1.—(By aeroplane to Field Headquarters and by Wireless to Columbus, N. M., April 1.)—Hopes of the American cavalrymen under Colonel George A. Dodd of finding Francisco Villa among the snow-clad slopes of the Continental Divide are based on the discovery today of the track of carriage wheels in mountainous wastes near here.

These, it is believed, may have been made by the vehicle which carried away the injured leader. Ever since they defeated the Villa command at San Geronimo ranch with heavy losses last Wednesday, the American cavalymen have searched ceaselessly for the bandit leader, but up to late today no definite information confirming his whereabouts had reached this camp.

Villa has disappeared in a way, which, considering the relentlessness of the American pursuit, seems mysterious. The American troops have not encountered any natives who will even admit they have seen Villa.

Every gorge, arroyo, canyon, trail and watering place in the mountainous passes in this vicinity is being watched by American air scouts or searched by cavalymen in the hope of discovering the bandit's lair. The aviators also are keeping the column informed as to movements of the scattered remnants of the band. Hope is expressed that one of these, at least, may attempt to rejoin their chief and thus lead the American forces to his hiding place.

Has Not Made Detailed Report.

Columbus, N. M., April 1.—Riding mercilessly, four hundred American troopers under Colonel George A. Dodd are making desperate efforts to capture or wipe out the survivors of Francisco Villa's largest command, which they defeated at San Geronimo ranch several days ago, according to meager reports seeping across the border today. The speed and relentlessness with which the pursuit is being made is indicated, according to army men here by the fact that General Pershing, who last reports said was speeding from Namiquipa across desert trails and thru mountain passes to the scene of the action, has not even taken time to make a detailed report of the engagement. Nor was any word received from Colonel Dodd, altho service at army wireless station here, interrupted by climatic conditions was resumed today.

Military Headquarters Here Made this Statement:

"No details of the engagement have been received. The only messages from the south were of purely routine nature and in none of them was the engagement mentioned."

Other information received indicated however, that there is still much doubt at the American field headquarters as to whether the bandit chieftain was with his forces during the engagement. One report given much credence was that Villa sustained the wounds which broke his leg and shattered his hip bone in the attack made on the Carranza garrison at the town of Guerrero, on March 27th, and that the leader was carried away by a few chosen followers in a jolting wagon to a secret hiding place in the mountain wilderness around Guerrero.

Do not Minimize Task.

Altho pursuit by the Americans is a new experience for Villa, army

DAIRY FARMERS DUMP
MILK INTO DITCHES

BOTTLING PLANTS PICKETED BY
FARMERS ARMED WITH EGGS

Farmers Destroy Product Rather Than See It Go to Distributors, Who Refused to Meet Demand for an Increase in Price.

Chicago, April 1.—The dairy farmers made good their threat today to dump milk into the ditches rather than see it go to the distributors who refused to meet the demands for an increase of 22 cents in the price. Not until the strike was actually underway today was it known whether it would be a success or be wrecked by individual capitulations.

That it was a real strike was discovered when the dealers found their bottling plants picketed by farmers armed with eggs and other missiles ready to prevent the delivery of milk by non-striking farmers.

At Mokena one dairy company was forced to ask aid of the sheriff of Will county when strikers began stopping wagons on the way to its plant.

The sheriff sent a deputy who was roughly handled for a time, but succeeded in forcing a passage for three "insurgent wagons."

The plant of one of the biggest companies at Huntley was closed indefinitely. At Marango, a crowd of farmers dumped ten cans of milk brought in by Fred Secore. At Dundee, where the plant generally receives the milk of forty farms, only nine reported. At Algonquin, nineteen farmers instead of the customary one hundred brought in their milk.

Similar reports came from other points where the great Chicago milk supply is gathered. At Batavia and North Aurora it was said that 200 farmers gave away 22,000 pounds of milk rather than deliver it at a price under their demands.

At the offices of the distributors in this city the situation was admitted to be serious, altho it was said that the full effect could not be known until Monday or Tuesday.

"What next week will bring forth we cannot predict," said E. W. Bowman, a prominent dealer. "However, we have plenty of milk for the next two days."

GERMANY TO INFORM GERARD
WHEN INQUIRY IS COMPLETED

WASHINGTON, April 1.—The German government has informed Ambassador Gerard that it is without official information concerning the explosions which damaged the British channel steamer Sussex and sunk the British horse ship Englishman, both of which were carrying American citizens. In a despatch dated Thursday and reaching the state department today Mr. Gerard said the German government had only newspaper reports on the two cases, and was making an investigation which might be concluded within three or four days.

The Berlin foreign office promised to inform Mr. Gerard when the inquiry is completed.

It is realized here that it may be a week before all the German submarine commanders who might have been concerned have had opportunity to report.

TREVINO REPORTS DEFEAT OF
THE VILLA GENERAL PEREZ

QUERETAO, Mex., April 1.—General Jacinto Trevino has telegraphed to General Obregon, minister of war that he has defeated the Villa general Elias Perez in the Laguna district. He reported the execution of sixteen prisoners who were captured and said he had prevented the cutting of the Coahuila and Pacific railroad.

General Trevino has established permanent headquarters at Torreon from which point he is directing the columns which are pursuing the bandits.

The war department also has received a report of the engagement between the United States cavalry and the Villa bandits at Geronimo.

General Pablo Juriga, military commander of the state of Jalisco, reports a battle between bandits and constitutional forces under Colonel Salvador Ortiz at El Grillo and Las Canoas. The bandits were defeated leaving seventeen dead on the field, among them being their leader, a notorious outlaw known under the nickname of "Bolas Neal."

KINSELLA TO SCOUT
FOR NEW YORK YANKEES.

Springfield, Ill., April 1.—Richard F. Kinsella, at Cincinnati, today signed a contract to scout for the New York Yankees this year, according to authentic information received here tonight. Kinsella was a scout for two years with the New York Giants. His contract with the Yankees called for two months work, in June and July. He did not care to sign a six months contract for business reasons.

DECATUR, Ill.—Mr. and Mrs. George W. Kaylor, retired farmers of this city, announced that they had given \$30,000 to the Illinois conference of the Methodist church toward the \$500,000 fund for the support of retired ministers. This gift brings the fund up to \$175,000.

INDIANAPOLIS, Ind.—Work of counting the votes of the miners of the bituminous fields of Illinois, Indiana, Ohio and western Pennsylvania at the United Mine Workers of America headquarters has begun here.

CHARGE ATTEMPT TO DYNAMITE
GUNARD STEAMSHIP PANONIA

German Stowaway Who Took Possession of Matopha Is Locked Up by New York Police.

New York, April 1.—Charged with trying to place dynamite on the Cunard line steamship Pannonia, Clarence Hudson, also known as Ernest Schiller, the German stowaway who took possession of the British steamer Matopha at sea last Wednesday night, was locked up tonight at police headquarters.

According to the police Hudson and three other men planned to blow up the Pannonia on the night of March 3 while she was moored in the North river.

Hudson admitted he had used a motor boat in which dynamite was stored but refused to state where the launch or the explosive could be found. A trunk belonging to him was confiscated at the boarding house in Hoboken where he lived, but information as to its contents was refused.

The plot to destroy the steamship was abandoned, he said, because two of the three men he had engaged as confederates backed out at the final conference and he decided the task was too big for two men to tackle.

THROWS ADDITIONAL LIGHT
ON LORIMER-MUNDAY METHODS

CHICAGO, April 1.—Charles G. Fox, former vice president of the La Salle Street Trust & Savings bank, in testifying at the trial of William Lorimer today threw additional light on the method followed by Munday and Lorimer in financing several of the subsidiary banks. The witness said that Dec. 12, 1913, he was sent by Mr. Munday to the Corn Exchange National bank with a check for \$250,000 which he cashed. He said he gave the currency to Mr. Munday, who went into a bank room and in a few minutes returned. Fox said he returned the funds to the Corn Exchange National bank the same day. The state contends that this same money was used in the organization and capitalization of three subsidiary institutions of the La Salle Street Trust & Savings bank, the Ashland-Twelfth State bank, the Broadway State bank and the State Bank of Calumet.

SUSPEND PROPOSED INCREASE.

Washington, April 1.—Proposed increased rates of from one to five cents per hundred pounds on lumber from Arkansas and Oklahoma points on the St. Louis & San Francisco railroad to Chicago and other Illinois points were suspended today by the Interstate Commerce Commission until July 31st.

BLAME ENGINEER HESS
FOR FATAL WRECK

GENERAL MANAGER OF NEW YORK
CENTRAL ISSUES STATEMENT

Charges Engineer of Second Section of Train 86 Disregarded Caution and Stop Signals—Result of Federal-State Probe Not Yet Announced.

Cleveland, Ohio, April 1.—Blame for the New York Central wreck at Amherst last Wednesday in which 28 were killed and 40 were injured was placed on Herman Hess, engineer of the second section of train 86 which crashed into the first section while running 50 miles an hour thru a dense fog by D. C. Moon, general manager of the company in an official statement issued tonight. The fixing of the blame, says Moon, was determined by the railroad's own investigation and corroborated by the evidence adduced at the hearing conducted by the interstate commerce commission and the Ohio utilities commission which ended today.

The joint federal-state investigation has been concluded but their findings will not be made public until later. The action of the railroad in officially fixing the blame for the accident in advance of the verdict of the public investigation came as a surprise to those concerned.

The statement issued by Mr. Moon follows: "Supplementing my statement of March 29, 1916, with reference to the accident at Amherst, Ohio, on that date:

"Investigation made by the New York Central railroad company and confirmed by the evidence introduced in the hearing held by the representatives of the interstate commerce commission and the public utilities commission of Ohio, indicates that the accident was due to the engineer of second No. 86 disregarding the caution signal about 8,000 feet and the stop signal about 2,000 feet in the rear of first No. 86."

Engineer Hess testified at the public utilities hearing that the block signal stood "clear."

Other testimony introduced tended to show that the block signal apparatus in the Amherst tower failed to work properly.

HOLDS FORMATION OF SCHOOL
DISTRICT AT LE ROY ILLEGAL

BLOOMINGTON, Ill., April 1.—Judge Weaty of the circuit court here today made a decision granting a writ of certiorari in the case of Charles Lanerty et al against B. C. Moore, county superintendent of schools of McLean county. He holds that the formation of a school district at LeRoy taking in all of one township and parts of others is unconstitutional. Recently an election carried at LeRoy for the establishment of what was known as a community high school.

WANNAMAKER WILL RENEW ATTEMPT
TO FLY ACROSS ATLANTIC OCEAN

NEW YORK, April 1.—In a new aircraft, to be equipped with six motors of 300 horsepower each, capable of making a speed of 100 miles an hour carrying six persons, Rodman Wannamaker will renew the attempt to fly across the Atlantic ocean which he abandoned in the summer of 1914 when his flight commander, Lieutenant John C. Porte, was called to England for service in the European war. This was announced tonight by Allan R. Hawley, president of the Aero Club of America.

No date has been set for the attempt, but it was expected to be made some time this summer. The designs for the new craft which will be named "America" after the old one, have been prepared by Glenn H. Curtiss and W. Starling Burgess.

WARNS MERCHANTS.

Mexico City, April 1.—General Paolo Gonzales, the military commander here, tonight issued a warning to the merchants of Mexico City and surrounding towns threatening and punishment of the most severe and most exemplary form should they persist in maintaining the high scale of prices which has been effective during the past month.

GERMANS FAIL IN
INFANTRY ATTACK

Attempt to Follow Up
Success in Obtaining
Foothold in Vaux

CONTINUE BOMBARDMENT

Situation in Holland With Reference to War is Seemingly
Approaching a Crisis

KILL TWENTY-EIGHT IN RAID

An attempt by the Germans to follow up their success in obtaining a foothold in the village of Vaux, by an infantry attack between Vaux and Fort Douaumont, has failed. Preparation for the attack was made by a violent artillery bombardment. The French curtain of fire stopped the infantry assault, Paris says. French positions between Avercourt and Malancourt continue to be subjected to intense bombardment from German guns.

Situation Approaching Crisis. Seemingly, the situation in Holland with reference to the war is approaching a crisis. Notwithstanding denials that the Dutch government had withdrawn the furlough of soldiers and had requisitioned trains, an unofficial report from the Hague said that the ministers of state have held an extraordinary council.

A leading Dutch newspaper declares that the anxiety in Holland is not due to the Tubbantia affair, but to some prospective action growing out of the recent Paris conference of the entente allies.

The Germans are gradually closing in on Verdun, drawing their lines a little closer northeast of the fortress, where by massed attacks from two directions they have secured a footing in the village of Vaux.

Their successful attempt to penetrate the French lines was preceded, according to Paris, by an assault that was checked by the French curtain of fire and the infantry and there was spirited fighting at close quarters before the crown prince's forces finally succeeded in pressing part way into the village. The German infantry has not moved from its trenches west of the Meuse since the capture of Malancourt, followed shortly by the unsuccessful drive at the French positions northeast of Hill No. 295 in the region of Dead Man's Hill.

The artillery, however, continues active in the Malancourt region and further attempts by the Germans to continue their drive on the French left flank are considered probable to occur without much delay.

The German official statement refers only incidentally to the fighting about Verdun, mentioning only artillery duels there and in the Argonne with other activity by the big guns on the Aisne front and farther north on the line. A British hand grenade attack near St. Eloi where the Germans recently lost some ground, was repulsed.

The aviators of both sides on the Franco-Belgian front have been busy. Four French machines fell victims to German battle aircraft in various engagements.

After a period of bad weather fighting has been resumed on the Austro-Italian front. For the most part, however, the activities are confined to artillery engagements and such infantry clashes as have occurred have not resulted in changes of position.

Berlin summarizes the recent Russian offensive, now apparently at a standstill, as barren of results for Emperor Nicholas' forces, while the Russian offensive, now apparently at the German headquarters staff to have been at least 140,000. More than 500,000 men were engaged on the Russian side, according to Berlin, and the expenditure of ammunition by the attacking forces is declared to have been on an unprecedented scale for the eastern front.

Killed Twenty-eight in Air Raid. The air raids of Friday night over the English east counties were apparently on the most extensive scale yet attempted by the German Zeppelin fleet. They resulted, according to the official British reports, in killing of twenty-eight persons and injury of 41, while unofficially it is declared that airships flew at such a height that they were unable to select their targets with accuracy and many of the 76 bombs dropped appeared to have been cast off indiscriminately.

The British premier, Herbert H. Asquith, was received today by Pope Benedict with whom the British statesman talked in private for a half hour.

The Civil Service News, official paper published by the civil service commission of Illinois, suggests that possibly the state board of administration in raising the salaries of nearly all employees a few months since was making a bid for the labor vote and that by a recent order cutting down expenses and abolishing positions, an appeal is made to the general public.

Propose Competition in Gasoline.

Announcement has been made that the manufacturers of automobiles in connection with the national automobile chamber of commerce, have decided to incorporate a company with an ultimate capital of from five to ten million dollars, to produce gasoline and other petroleum products. The announced purpose is to prove that gasoline can be sold at lower prices than are now being charged by the Standard Oil company. The announcement sounds something like a bluff, but if the company should materialize, the most likely thing to happen is a big drop in gasoline prices. The oil industry is so fully controlled that men with large capital will think twice before they really make the effort to compete.

The Chicago woman who is now proving that a working girl can readily buy a week's meals for \$2.31 is not likely to contract gout or dyspepsia. The "society" leader recently stated that this expenditure was ample and when someone challenged her to make a week's test, she accepted. Nine cents is the breakfast allowance, the same sum for luncheon and fifteen cents for dinner. The woman in question may be able to subsist on this sum for a week, but after this is accomplished nothing in particular will be proven and causes of better wages or more moral living conditions will not have been aided. Just a little self-advertising is about the only result.

Rippling Rhymes
By WALT MASON

MARCHING ON.

I have read a hundred essays on the Causes of the Fight, and every country in the wrong, and all are in the right; the bones of countless butchered men are bleaching in the light, and Death goes marching on. The war was forced on younder king who could not dodge the scrap; and it was forced on 't'other klug, who is a peaceful chap; and meanwhile over every foot of Europe's soggy map, King Death is marching on. It seems a shame, when all the kings were suffering for peace, that war should spring its writhed front and all its dogs release, that generals should wade around in blood and far and grease, and Death go marching on. And still the soldiers fight and slay, their little wage to earn; and where the vine and figs were, the lurid beacons burn; the sleepless children watch and wait for dads who won't return, and Death is marching on. It must have been spontaneous, the great, and bloody game; if anyone's responsible, no man will take the blame; old Europe's littered with her dead, blind and halt and lame; and Death goes marching on.

DATES IN ILLINOIS HISTORY.

the useful result of forcing attention to neglected sources of fertilizer materials at home. Specialists of the department of agriculture call attention to the fact that garbage is one of the richest of these sources. Yet only six cities in the United States operate their own reduction plants and about 20 send their garbage to privately owned plants. The experts figure that if all of the 199 cities having a population of 30,000 should properly make use of their neglected treasure the yield would be worth annually from \$4,780,000 to \$7,000,000. We know little comparatively in this country of the possibilities of intensive agriculture.

Modern Warfare.

One of the dispatches concerning the pursuit of Villa which appears upon the Journal's front page this morning, was secured for the Associated Press by an aeroplane and wireless. The brief line or two indicating the source of the information speaks volumes of the wonderful changes which have taken place within a few years' time. It is not necessary to go back to the days of the rebellion for comparison, for even in the time of the Spanish war such a feat as this would have been thought beyond the range of possibility.

In considering the modern means of communication the thought of intervention in Mexico if the need should come, is separated from much of its terror. In other days messages which can now possibly be conveyed in a few hours or a day by means of aeroplanes and wireless, would have required weeks. The statement, too, that ten well-equipped aeroplanes are equal to 10,000 men for reconnoitering work in Mexico is significant, not only of the need for an increase in the country's aerial corps, but also of the facts that modern warfare methods have rendered the Mexican undertaking less stupendous than would once have been true.

The Township High School Plan.

A number of Jacksonville people who have looked into the question to some extent believe that the best results would be secured from the Jacksonville school system if a township high school were organized here. Their reasons are not based solely upon the great growth of the township high school idea but largely upon local conditions. These conditions, by the way, are termed local but really represent a reproduction of conditions which have obtained in many other cities. As the scope of high school work is broadened and departments are added in accordance with the best ideas in education and the wishes of the people, the expenses inevitably increase. In the Jacksonville school these expenditures have reached such a figure that it is practically impossible to meet them and still maintain the efficiency of the school system.

A much larger faculty is now required than was formerly true and higher salaries must be paid now than in the past. Notwithstanding the higher salaries now paid, there are a number of local high school instructors who have been offered more pay in other cities. The high school work, no doubt, will be still further broadened out and additional expense is inevitable. It is to remedy this condition and to provide funds for a larger school and still more efficient faculty that the advocates of township high school now make their suggestions.

A township high school in Jacksonville, including an area of six miles square, would make available a much larger amount of property for taxation. The residents of the country districts included in the area would thus have the opportunity of high class educational facilities and without doubt a great many pupils would be attracted from outside territory. If a township high school is not established here, there will be less attendance at the local school within a few years' time than is true now, as high schools are established in other parts of the county or in nearby territory, and take care of pupils who would attend a school here if one with large facilities were established.

WOMEN IN THE NEWS.

New York.—The growth of higher education among women during the past thirty years is strongly emphasized by the story of Mrs. Emily Palmer Cape, who was the first co-ed at Columbia university. Today the family carefully plans for the college career of the daughter. Back in 1833, when President Bernard of Columbia issued a call to the women of New York to show their interest in higher education, Emily Palmer, much against the wishes of her family, was the only girl from the city to respond to the call. After a four year course she was graduated and those present at the exercises recall the applause and flowers that greeted the first New York co-ed.

Pittsburgh, Pa.—"It took ages and ages to get the man into the family—too many ages and too much subjection of woman for us to permit him to be left out now," declared Miss Anna Gerlin Spencer, professor of sociology in the Meadville Theological school, in an address here recently. She had been speaking of the mother to the child, which the was created as a parent. "With women, the family relations and her care of her offspring is a deep-rooted thing that has sprang from the very awakenings of conscious life. With man, however, it is a second nature, and second natures, you know, have never the tenacity of first natures. Woman's duties were born and bred in her; man has only been trained into them."

Washington, D. C.—The Clara Barton Memorial association was incorporated here last week. The object of the society is to perpetuate the fame of Miss Barton by erecting a suitable memorial of bronze or marble in this city. The association seeks to recognize the humanitarian work of Miss Barton on the battlefields of the Civil war and to her founding of the Red Cross in the United States. The certificate of incorporation recites that it was thru her efforts that the Geneva treaty of the Red Cross was adopted by the United States and made applicable to calamities other than those of war and is now accepted by Red Cross workers thruout the world. The incorporators are Emily Lee Regan, Ada H. Weiss, Albertine S. Odell, Mrs. John A. Logan and Corra Bacon-Poster.

Richmond, Va.—Reparations of a large scale are being made by prominent women of the Old Dominion for the Shakespearean tercentenary celebration to be held here next month. Mrs. John Skelton Williams, wife of the comptroller of the treasury at Washington, is to take the part of Queen Elizabeth, and she has named as her ladies-in-waiting such leaders as Mrs. Egbert G. Leigh, Jr., Mrs. St. George Bryan, Miss Helen Christian, Mrs. James Wise, Mrs. Pelham Blackford and Mrs. Herbert Mann, while the maids of honor have been chosen from among the prettiest of the young fashionable set.

223 S. MAIN STREETMANY LABOR LEADERS TO
BE TRIED AT CHICAGO

Chicago, April 1.—The sensation of a conspiracy and extortion case brought by the state against 51 prominent labor leaders are soon to have an airing in open court. Judge Kavanagh is hearing preliminary motions today, and the state has announced it is ready for trial. It is said that the state's attorney has received threatening letters and that similar missives were received by at least two grand jurors while the cases were under consideration. The state contends that there has been widespread violation of law, that contractors and builders have been compelled to pay tribute to unscrupulous men on pain of having windows broken and buildings under construction wrecked. The labor men maintain that the prosecution is an attempt to crush organized labor in Chicago.

HAS NEVER SEEN A STREET CAR

It hardly seems possible that a person could be born in Morgan county and live to be 16 years of age without seeing a street car. Yet there is a girl in the city at the present time who has not yet seen a street car. The girl is Rena Floyd, and she hails from Meredosia. Rena is the daughter of a fisherman on the Illinois river and is the eldest of a large family. Recently Constable J. A. Crum went to Meredosia and brought the girl here as companion for his wife, who has been ill for some time. When the girl made the trip to Jacksonville it was her first ride on a railway train. She has an idea that the county farm is one of the biggest buildings in the world. She has never seen but one deaf and dumb person and her ideas of the world are indeed hazy. Mr. Crum has promised to take her out for a ride about the city today if the weather is good and let her see the street cars and other points of interest.

SALAD RECIPES.

At a recent meeting of the East Side Tuesday club there were demonstrated a number of salad recipes which greatly pleased the members and which are given beneath:

Russian Salad.
3 cups diced potatoes.
1 cup diced carrots.
1 cup peas.
1 large cucumber pickle.
Garnish with shredded lettuce and sliced stuffed olives.

Russian Salad Dressing.
2 tablespoonfuls butter.
2 tablespoonfuls flour.
1 cup hot water.
1 tablespoonful lemon juice.
2 tablespoonfuls vinegar.
1-4 teaspoonful mustard.
1-2 teaspoonful sugar.
1-2 teaspoonful salt.
White pepper, cayenne and onion, salt to taste.

1 teaspoonful horseradish.
1 tablespoonful chopped green pepper.
1 tablespoonful chopped pimento.
1 tablespoonful tomato catsup.

Pineapple Salad.
1 Jonathan apples peeled.
1 pound can grated pineapple.
5c marshmallows (cut in small pieces).
1 stalk celery (cup chopped).
Thin with mayonnaise dressing as desired.

Marshmallow Salad.
2 egg yolks.
1-2 tablespoonful flour.
1-2 teaspoonful mustard.
Dash of cayenne.
1 level teaspoon salt.
10c marshmallows.
1 can sliced pineapple.
1 can white cherries.
1-2 cups whipped cream.
1-4 cup milk.
1-4 cup vinegar.
2 tablespoonfuls melted butter.
Mix dry ingredients.
Then add slightly beaten yolks, milk and vinegar slowly. Put in double boiler until thick.

When cool add marshmallows, cut into small pieces (about 4 or 5), to dressing, then add fruit, mixing well. Let stand where very cool for 3 hours. Just before serving add 1-2 cups whipped cream.

Spring Salad.
1 dozen hard boiled eggs.
1lb American cheese.
5c pimento chopped with cheese.
Cut eggs in half. Pulverize the yolks and mix with ground cheese and pimento. Soften with cooled salad dressing.
Stuff back into the eggs, put on slices of tomato, place on lettuce leaf and over each egg place strips of red pimento and serve with salad dressing.

Cream Cheese Salad.
Cut six medium size green peppers in halves. Remove seeds and fill with the following:
2 bricks Blue Label cream cheese.
3-4 cup pecan meats chopped.
1-2 cup pimentos cut fine.
Moisten cheese with whipped cream. Add pecans and pimentos. Serve on lettuce leaves with French or mayonnaise dressing.

St. Patrick's Hats.
1 package Knox gelatine.
1-2 cup cold water.
1-2 cup boiling water.
Juice of 2 lemons.
1 cup strained tomato.
1 teaspoonful salt.
1 teaspoonful sugar.
1 large cucumber.
3 green peppers.
1 dozen olives.
1 cup celery, finely cut.

Soak gelatine in cold water; add vinegar, lemon juice, boiling water, sugar and salt. Strain and when beginning to set add remaining ingredients. Color with Burnett's green vegetable color. Pour clear green gelatine into six pound baking powder lid moulds for the firm.

Fill half pound baking powder can moulds with the vegetable mixture. Set in ice. The mixture in each can will make the crown of two hats. Serve on lettuce leaf with mayonnaise.

PUBLISH WHAT PUDDPOTS TO BE WAITE'S FORMAL CONFESSION

Confession Is Said to Have Been Contained in a Letter Sent to the New York World by Waite.

New York, April 2.—What purports to be a formal confession by Dr. Arthur Warren Waite that he murdered his father-in-law, John E. Peck of Grand Rapids, is printed this morning in the New York World. The confession is said to have been contained in a letter sent to the newspaper by Waite.

Accompanying it is another letter signed by Walter Rogers Deuel, Waite's counsel, in which he is quoted as saying Waite desired to make his statement "to unburden his soul somewhat from the heavy load upon it as the only thing he could do in atonement."

The letter said to have been signed by Waite follows in part:

"I have been informed that I have been indicted for the crime of murder in the first degree. I know the punishment is death.

"The indictment is just and the penalty is one that I deserve for I have killed John E. Peck.

"I have thought and thought while lying in my bed here in the hospital. I have gone over all the incidents of the past few months of my life and I have made my peace with my Creator. I now desire to make atonement for the wrong that I have done.

"It is a terrible grief to me, that I should have brought obliquy and shame upon my wife and upon the name of my good parents and made my brothers to suffer as they do.

"I am relieved to make this, my confession."

Mr. Deuel is quoted as having said he did not advise against the publication of Waite's letter.

MATRIMONIAL

Carter-Stults.

Mr. Neil G. Carter and Miss Dena Stults, both of Hanover, Jo Davies county, Illinois, were married Saturday, March 25, in Galena. The newlyweds will make their home in Hanover where the groom is employed in a woolen mill. Both Mr. and Mrs. Carter will be remembered by many as former residents here. They have many friends in Jacksonville. Mr. Carter was formerly an employe of Capps and Sons, while Miss Stults was employed at the Illinois Woman's college. One of the distinctive features of their wedding journey and one which the young people will remember was the finishing of the trip on a railroad hand car. It seems there is a stub line from the Great Western railway at North Hanover down to Hanover. At this particular time, however, the engine which makes the trip between Hanover and the junction was out of repair. Carriages were being used to make the trip. On account of heavy rains Saturday afternoon and Sunday the roads were practically impassable for teams, so a number of the bride and groom's friends secured a hand car and came to their rescue, which as the editor of the Hanover Journal said, "made some ending for a wedding trip."

The following notice of the marriage is taken from the Hanover Journal:

Neil Carter and Miss Dena Stults of this place were married at the M. E. parsonage in Galena about 2 o'clock Saturday afternoon, Rev. T. R. Green performing the ceremony. The newly wedded couple did not return to Hanover until Sunday evening and then finished their wedding tour on the push car which is some ending for a wedding trip.

The groom came here some time ago from Jacksonville, Ill., and last winter his bride came here and both have been employed in the woolen mill. They are said to be very fine young people and well liked by those who know them.

The Journal joins the friends of the young couple in best wishes for a long and happy married life.

Smith-Hall.

William A. Smith and Mrs. Florence Hall, both of Tallula, were married at the court house Saturday morning at 11 o'clock by the Rev. J. W. Priest. The witnesses were William F. Roegge and Charles W. Beston. The groom is a farmer. It was his second marriage and the bride's third.

LEAVE FOR INDIANA.

Dale D. Boxell and Walton Boxell left via the 1:53 o'clock Wabash this morning for their new home in Marion, Indiana. Their parents, Mr. and Mrs. D. C. Boxell and Max Boxell went to Indiana last month.

At the high school Dale Boxell's place as assistant athletic director will be filled by Warren Maddox, Miss Edith Johnson, teacher of the sixth grade at the Franklin school, will take Mr. Maddox's position as teacher of writing and spelling in the David Prince school. Miss Johnson's place will be filled by Miss Marie Thompson, who this year has been a substitute teacher. Miss Thompson is a graduate of Jacksonville High school and a former student of the Woman's college.

BANDIT CHIEF REPORTED NORTHEAST OF GUERRERO

(Continued From Page One.)

men here are not inclined to minimize the task before Colonel Dodd.

The Guerrero district in which Villa with a price on his head was able for eight years to escape capture by Porfirio Diaz rurales, abounding as it does in caves, canyons and almost impassable mountain trails, all screened from the eyes of air scouts by heavy growths of mountain pines, is admittedly one of the most isolated regions in Mexico and one in which the bandit has the largest number of friends.

From the moment the news of the battle was announced the greatest excitement has prevailed in Columbus.

Scores of persons, civilians and soldiers, gathered around the army wireless station, expecting momentarily the news would be flashed that he had been captured and was being brought to Columbus. Some suggested that even if Villa is captured it would be unwise to bring him across the border, because of the feeling of the people.

At the quartermaster's department here there was no information that the chase for Villa is nearing an end. In fact three truck trains, carrying supplies and equipment of a nature such as would indicate at least that the end of the chase is not clearly in sight, left for the front.

Lieutenant Colonel Frick in charge of the cantonment hospital said tonight he had received no information concerning the four American troopers wounded in the San Geronimo engagement and that although he has prepared to care for them upon their arrival, he was unable to say whether they would be brought here or taken to the field hospital at Casas Grandes.

MORTUARY

Ring.

A telegram received Saturday by F. A. Ebrey of South Diamond street brought news of the death of Mrs. J. M. Ring at her home at West Plains, Mo. Mrs. Ebrey has been with her mother, Mrs. Ring, for seven weeks past. Mrs. Ring's illness had covered an extended period. She is survived by her husband, J. M. Ring, and her one daughter, Mrs. Ebrey. Mr. and Mrs. Ring changed their residence from Jacksonville to West Plains eight or ten years ago and have visited their old home here only occasionally since that time. The remains will be brought here for interment and announcement of the funeral will be made later.

McCasey.

Mrs. Mary McCasey died at her home in Winchester Saturday morning at 6 o'clock. She was a native of Ireland and was about 75 years of age. She formerly resided on a farm south of Winchester, but recently moved to town. Deceased was an aunt of John McDonnell of this city. Two grandchildren, Edward and Mary McCasey, of Winchester survive.

Fortado.

A message to Mrs. Naomi Martis yesterday from Robert Gonsalves brought news of the death of Mrs. J. L. Fortado at her home in Springfield. The deceased is a sister of Mr. Gonsalvas and a daughter of Emanuel Gonsalves, for many years a resident of this city and who recently has made his home with his daughter, Mrs. Wonn, at Evanston. Mrs. Fortado had been in poor health for some months and her death was not unexpected.

The deceased is survived by her husband John Fortado, her father, Emanuel Gonsalves, three sisters and three brothers. They are Mrs. Joseph Vincent, Hubbard Woods, Ill.; Mrs. Mary Wonn, Evanston; Mrs. Victoria Melline, Springfield; Robert L. and George Gonsalves, Hubbard Woods, and Edward Gonsalves of Seattle. In addition to her membership in the Third Presbyterian church in Springfield, Mrs. Fortado was identified with the Eastern Star, Rebekahs and Royal Neighbors. She was a woman of fine character and held in high esteem by all who knew her.

The funeral is to be held at the residence in Springfield Monday afternoon at 1:30 o'clock, to be followed by another service at 2 o'clock at the Presbyterian church, in which Mrs. Fortado held membership for a number of years. Mrs. Martis and a number of other Jacksonville people will attend the service.

Minto.

Harry Benson received a telegram Saturday evening announcing the death of Thomas Minto at Danville. Deceased was a resident of Shelbyville and was an uncle of Joseph and Harry Benson. He was 76 years of age at the time of death. The remains will be taken to Shelbyville for interment.

"BIRTH OF A NATION" TERMED LAST WORD IN SILENT DRAMA

Historic Picture to be Produced at Grand Three Days Next Week

D. W. Griffith's superb spectacle, "The Birth of a Nation," will be placed on view at the Grand Monday April 10th for three days.

"The Birth of a Nation" may well be termed the last word in the silent drama. It outclasses everything of the kind that has ever before been attempted. It is doubtful if a more historic picture will ever be produced. It is a reproduction of many of the more important scenes and incidents associated with the Civil War. In brief, it places on view, panorama life in an entertainment of about three hours in a most vivid manner events of more than four years duration. This is so forcefully presented that it makes a lasting impression upon all who see it. The intensity of its realism is almost beyond comprehension. A portion of Sherman's march from Atlanta to the sea, which has been made famous in song and story, is vividly portrayed as is also the battle of Atlanta, fought under the glare of the brilliant lights from the cannon's mouth. More than 18,000 persons are shown in this stupendous work to say nothing of thousands of horses. There is high excitement from the time the curtain goes up until it falls on the final act when peace again reigns throughout the Republic.

In Crisis Days.

In times of great crisis the best and the worst that is in men usually predominates. This has been the history of the world and probably never more frequently illustrated than during the French Revolution and the four years from 1861 to 1865, covering the period of the Civil War in the United States. The efforts at Reconstruction were in many respects more injurious to the South than was the war itself. Many of the southern states became overrun with unscrupulous men from the North who sought to take advantage of the 4,000,000 blacks who had been set free, using them for their self aggrandizement; thus elevating themselves to positions of governors, representatives in Congress and United States senators. It was these disreputable whites in the North who were instrumental in bringing about discord between the two races in the South. South Carolina, Georgia, Alabama, Mississippi and Louisiana fell into the hands of northern carpetbaggers.

Historically Correct.

"The Birth of a Nation" is a faithful representation of events as they took place and have so been verified by historians of both the North and the South. It shows among many of the important episodes of the time, the assassination of President Lincoln and the historic meeting of Lee and Grant under the apple tree at Appomattox, where was signed the Declaration of Peace. The picture begins by first showing the cure of slavery in Massachusetts, and concludes by giving a vivid portrayal of the colored man of the present time being his own master, the accumulator of wealth, respected citizenship, living in obedience to the laws of the country and willing to fight and die for its preservation. It will be presented here exactly the same as it is in New York, Chicago, Philadelphia, Pittsburgh and other of the large cities. It requires an orchestra of about twenty-five musicians to give to the enterprise the full tensity of realism that Mr. Griffith requires. The booming of the shells, the belching of the mortars are made as realistic as if they were taking place in fact. It is estimated that since "The Birth of a Nation" was first placed on view last February, that more than twenty million people have been entertained by seeing it. It surpasses all records that have ever been made in connection with the American stage so far as popularity in public sentiment is concerned.

MISS FLORENCE WARD WEARS HER STAR.

Miss Florence Ward has donned her star and is now ready to exercise her rights as a policewoman. Many complaints have come from persons witnessing the treatment of coal teams in the vicinity of the Alton and Burlington stations. Men put on a pavement load and then demand of the poor animals that they pull it out thru the mud. Miss Ward appeared there and let it be known what she was after and the humanity of the drivers was remarkable. In every case they doubled teams in getting the wagons from the cars to the pavement and showed much sense of mercy.

Some drivers of automobiles who are careless regarding speed and cutouts will also have attention.

"SHE STOOPS TO CONQUER" WILL BE STAGED MONDAY

Drama at Grand Opera House by Students of High School Promises to be Play of Exceptional Merit—The Characters.

"She Stoops to Conquer," the five act comedy of Oliver Goldsmith to be given Monday evening at the Grand Opera house by a cast of high school students, will be one of the best amateur productions given in many months before a Jacksonville audience. If all indications of the past few days prove correct. The play was given Friday evening in the chapel of the school for the Blind. Saturday evening a full dress rehearsal was given at Jacksonville State hospital. The costumes, secured from Fritz Schultze of Chicago, are of the finest. Andre & Andre will lend the furniture for stage setting and no pains have been spared to make of the 1916 high school play a grand success.

Miss Marie Scott is dramatic coach. The part of Harcastle is taken by Ernest Fernandes and Miss Isabel Woodman has the role of Mrs. Harcastle. The other members of the cast are:

Tony Lumpkin—Frank Robinson. Kate Harcastle—Miss Zelda Benson. Constance Neville—Miss Irene Smith.

IMPROVEMENTS AT PASSAVANT HOSPITAL.

East State Driving Entrance at West Side Closed to Traffic.

Some much needed improvements have been made at Passavant hospital and they will add materially to the welfare of the institution. In the south partition of the east end of the hall a large window has been cut enabling the clerk and bookkeeper to see any who enter, to transact ordinary business and have a general oversight.

A case has been placed in the hall and is so fixed that it contains the name of each attending physician of the city. As any doctor enters he is requested to move the slip opposite his name indicating he is in the building so that if called he can be located. When he leaves he is asked to move the slip back again denoting his absence so that if a call comes for him or her, the nurses will not lose a lot of time looking for the individual.

The west roadway entrance on East State street has been closed and the driveway from that to west end of the building and the driveway around the south side of the structure have been closed and will be sown in grass as soon as practicable. All vehicles entering the grounds should go in at the Brown street entrance, pass along the north and east sides of the building and go out on the east entrance on East State street. This arrangement will be beneficial in that the patients on the north side of the building will not be so much annoyed by passing rigs and there will not be so much driveway to maintain and the amount left open will be abundantly ample for all purposes.

SOCIAL EVENTS

Wednesday Bridge Club Entertains

The Wednesday Bridge Club entertained at the Peacock Inn Friday evening at Auction Bridge. The gentleman's prize was given to Mr. J. W. Van Valzah, and the lady's prize to Miss Hazel Strawn. After the prizes were awarded a three course luncheon was served. The tables were decorated with Ward roses.

Observed Marriage Anniversary

Mr. and Mrs. Hugh Vorhees, residing five miles south of city, entertained a number of friends at an oyster supper recently, in honor of the first anniversary of their marriage. After the supper hour, games and a social time was enjoyed and a most pleasant evening spent. Among those present were Mr. and Mrs. Bourn, Mr. and Mrs. Howard McGhee, Mr. and Mrs. Jack Leach, Mr. and Mrs. Claude Winters and daughters Inez and Alma, Mr. and Mrs. Doc Butler and daughter Twyla, Mr. and Mrs. Lewis Boughtman, Mr. and Mrs. Samuel Keir, Mr. and Mrs. John Lewis, Mrs. John Casey, Mrs. Dickens and Mrs. Vorhees.

Celebrates Sixth Birthday Anniversary

Gladys Elliott celebrated her sixth birthday anniversary Saturday afternoon at her home, 728 North Prairie street. Games were played and the occasion was in all respects a happy one. The prizes in the peanut chase were won by Mary Towers and Myrtle Barber. Those present were Myrtle Barber, Fern Carille, Helen and Margaret Crawley, Beulah Dyer, Dorothy Jackson, Martha Leake, Helen McDougal, Mary Towers, Margaret Struck, Andrizza Leidy and Gladys Elliott.

Standard Bearers Have Social

The Standard Bearers of Grace M. E. church entertained Friday evening at a penny social in the parlors of the church. Ten interesting features were provided for the amusement of the guests. The committee in charge consisted of Miss Dorothy Cannon, Miss Marie Towle, Miss Florence Madden, Miss Opal Houck and Miss Mildred George, president of the society. Harold DeLoss was winner of the contest for the handsomest man and Miss Charlotte Hengate was winner in the "pretty girl" contest. Other attractions were the fish pond, trip around the world, fortune teller, art gallery, movies, player piano, candy booth, sandwich and peanut booths.

Mrs. Young Hostess to Baptist Aid

Mrs. Willard W. Young was hostess to the members of the Ladies' Aid society of Liberty Baptist church Saturday afternoon, and after the regular business a pleasing program was carried out and refreshments were served. Readings were given by Mrs. D. K. McCarthy, Mrs. W. E. Murry and Miss Anna-Crum.

Enjoy Taffy Pull

A taffy pull was enjoyed in the

expression hall Saturday evening by young women of Belles Lettres society. Practically all the members were present and the early evening hours were spent in a most pleasant manner.

Sunshine Club Is Reorganized

A group of ladies met Thursday afternoon at the home of Mrs. Charles Howard, northwest of the city, and reorganized the "Sunshine Larkin Club," with a membership of fourteen. Plans were discussed and the afternoon spent in a pleasant social way. Light refreshments were served. Members of the club are the following: Mrs. Charles Joy, Mrs. Edward Joy, Mrs. George Acom, Mrs. Arthur Acom, Mrs. Henry Meyer, Mrs. Chris Howard, Mrs. M. L. Watt, Mrs. Haney Blumling, Mrs. E. R. Carter, Mrs. Allison Thomas, Mrs. John Johnson, Mrs. Emma Johnson, Mrs. W. A. Davidson and Mrs. S. T. Paschall.

All in Readiness for D. O. K. K. Ceremony

A class of good size has been assembled and a royal good time is anticipated by members of Diderik Temple No. 62, D. O. K. K., at the big ceremonial Monday night. Supper will be served at 6:30 o'clock under direction of C. J. Ratachak. The drill team is in the best of trim and there is every promise of an event which will live long in Doka annals.

Return Dance at Peacock Inn

Fifteen young men were hosts Saturday night at a return dance at the Peacock Inn in which "All Fools Day" was suggested by costumes and by favors. The dance was in repayment for the Leap Year event of March and was also given in the Peacock room.

Red ties, white coats and trousers and black vests made a novel reversal of full dress effect. The hosts were George Orear, Edmund Mungler, Paul D. Moriarty, Marcy Osborn, H. P. Samuel, Chester Hemphill, James Barnes, Richard Rowe, Ralph I. Dunlap, C. M. Bell, Byron Graft, Warfield Brown, Earl N. Epler, Richard Reynolds and Mr. Roach of Springfield.

Pleasing Recital in Voice and Violin

Recital hall was crowded Thursday evening and the audience which heard Miss Helen Frazer, voice and violin, assisted by Miss Inez Pires, piano, were most appreciative. Both young women are candidates for diploma and both are numbered among the Conservatory's most talented pupils.

Miss Frazer's enunciation seemed perfect and especially was this quality noticeable in the German song group in the early part of the program. "The Robin Sings in the Apple Tree" seemed perfectly adapted to the rich melody of Miss Frazer's voice and "Shougie Shou," a delightful piece in Scotch dialect was admirably done.

In voice Miss Frazer is a pupil of Mrs. Genevieve Clark Wilson and in violin she is under the instruction of William E. Kitch. The high degree of musical talent of which she is possessed was well illustrated in the recital at Illinois Conservatory. Of the violin she seemed the complete mistress and the range and quality of her voice marks her as a singer of rare attainment and of great promise.

Medical Club Meets With Dr. Duncan

The Medical club met with Dr. W. P. Duncan Saturday evening at his home on East State street. Dr. D. W. Reid was leader, presenting an interesting paper on the subject "Anesthesia." A general discussion was led by Dr. Edward Bowe. A social hour was enjoyed and there was served an excellent cafeteria luncheon.

Dike's Hepatic Salts give certain relief in rheumatic troubles. GILBERT'S PHARMACY.

APRIL FOOL TRAP AGAIN WORKS

Bucksport, Me., April 1.—Bucksport's famous April fool joke has its forty-seventh anniversary today, and it worked to a charm, proving that all the fools are not dead yet. The office door of the village tavern is the annual joke. The landlord moved the box-like storm entrance to one side of the door so that on going in one would find himself against the side of the wall with nothing to do but retreat, amid the howls of the inhabitants. Commercial travelers were caught early this morning. One of the natives of the town is said to have walked into the trap every year since it was invented.

GEORGIANS BANQUET IN WASHINGTON

Washington, April 1.—John Temple Graves and Congressman Howard Edwards, Bell and Walker of Georgia are the speakers at the first annual banquet of the Georgia society of the District of Columbia tonight. Many Georgians will attend.

AMERICAN ENGINEERS MEET AT NEW ORLEANS

New Orleans, April 1.—Considerable interest is being displayed nationally in the spring meeting of the American Society of Mechanical Engineers which will open here on Monday. Several hundred engineers representing the leading engineering firms in America will take part in an important session.

LAKE TUG MEN GET RAISE

Cleveland, O., April 1.—By an agreement between the tugboat owners and their men, a general advance in wages of five dollars a month goes into effect today. The scale from April 1 to Dec. 31 for captains and mates will be, Chicago, 170; South Chicago, 150; Duluth, Ashland and Marquette, 145; and all other ports, 140. First and second engineers get \$125 a month.

EQUAL SUFFRAGE LETTER

The Illinois Equal Suffrage Association watches with great interest the increase in woman suffrage in Canada. Alberta will be the second Canadian province to give women the vote since 1915 came in. Manitoba was the first. With the Lieutenant Governor's signature for the second, both Alberta and Manitoba will have provincial suffrage. Alberta is bordered on the south by Montana where the women were granted full suffrage in November, 1914. It is near the Dakotas and its influence will doubtless be felt there. According to the last census returns, the population of Alberta is 374,663. Its area is 255,285 miles, which represents an area almost as large as Texas and greater than California and Oregon combined. It is larger than the combined areas of Florida, Georgia, Alabama, Mississippi, South Carolina, Rhode Island and Connecticut.

With full suffrage for women prevailing just across the northern border of the United States the pressure for equal rights on this side of the line is bound to grow stronger. The women of this country will not be satisfied to go on indefinitely holding a lower political status than the women of Canada, nor will American men be willing to let them.

Detailed figures of the recent primary elections in Illinois redound strikingly of the praise of women voters. They cast a larger proportion of their ballots for better candidates than did the men, and the defeat of some undesirable nominees was owing wholly to their vote. In Chicago, in a former election, the women in seven wards turned the scale in the election of a Councilman, their vote in each case giving the majority to the good government candidate. At this last election they did it once more. Most women are independents, and therefore, refuse to register for the primaries because only party tickets can be voted and the ticket of the same party must be voted for two successive years at the primary. Yet despite the light vote of the women on that account, a larger proportion of women than men voted for the better candidates especially in the west wards of Chicago. One of them owes his nomination to the majority of women's votes which was greater than that of the men against him. In the April election independent voters, both men and women, will be heard from most emphatically.

The growth of and interest in the State Association is most satisfactory. During the past few days the women of Pittsfield, Rochelle, Rushville, Quincy, Virginia, Greenview, Hamilton, Marion, Seaton, and three new clubs in Peoria have affiliated with and are now a part of the State Association. Very recently the State has welcomed into membership a number of woman's clubs, Co-operative Clubs, Parent-Teacher associations, Republican and Democratic Organizations, Domestic Science clubs and Civic Leagues. When so many different organizations are working toward the same end only good results will follow.

Any woman, or group of women, in Illinois who desire any information pertaining to suffrage should write the State President, Mrs. Harrison Monroe Brown, at 604 Tower Building, Chicago. That is the Association Headquarters for the whole state and all inquiries are gladly received and answered.

FRISCO FIGHTING FOR LOWER GAS RATE

San Francisco, April 1.—Hearing will be resumed today by the Public Service Commission on the city's fight for lower gas rates. The Pacific Gas and Electric Company is now charging 85 cents per thousand cubic feet of gas under an injunction of the federal courts and impounding the excess of ten cents per thousand over the rate fixed by city ordinance—75 cents—pending decision on the proceedings before the federal court and the state commission.

It is claimed that the gas rates are based on the investment of old duplicate distributing systems of former competitors, and that the public is asked to shoulder the burden thru higher rates.

NEGROES OPEN BIG HOSPITAL

Atlanta, Ga., April 1.—The Morris Brown University hospital, maintained by colored doctors for service to the colored people of Atlanta and the south, was opened to the public today. The Fair Haven hospital, which was maintained by colored doctors, has merged with the University institution, and a big building will be raised to accommodate hundreds of patients.

READY TO BUILD NEW JOLIET PRISON

Joliet Ill., April 1.—Two hundred honor convicts began today the work of clearing the site for Joliet's new three-million dollar prison. The prison commission has ordered the work to be under way.

PHILADELPHIA GETS NEW ELECTRIC RATES

Philadelphia, April 1.—An annual saving of approximately \$1,250,000 to the private and public consumers of electric light and power in Philadelphia is effected thru the adoption of a new rate for electricity in this city which goes into effect today. The cut in the rate was a compromise of the protracted rate dispute between the State Public Service Commission and the Philadelphia Electric Company.

ATLANTA TRIES OF AIDING DOPE FIENDS.

Atlanta, Ga., April 1.—The city Board of Health today shuts down on the stream of drug fiends that besiege the city physicians. The two city physicians have not been able to give proper attention to their other cases, so heavy were the demands of the dope users. The applications for drugs have increased rapidly since the city took up the work a month ago. It is expected that the federal authorities will make some provision for the carrying on of the work among the drug users.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your

teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentinel Remedies Company 503 Union Central Building, Cincinnati, Ohio.

MISS SARGENT AND MOTHER WANT RHODES CHILD AGAIN

Jacksonville Young Woman Declares
She Did Not File Charges Against
Mother Who Was Going to Put
Little Girl Into Movie Work

In the Journal yesterday morning there appeared an item from the St. Louis Globe Democrat stating that a Jacksonville woman named Rhodes had been arrested and that Miss Myrtle Sargent of this place had written a letter to the police of St. Louis.

Miss Sargent asks the Journal to say the following:

"I have known Mrs. Rhodes for something more than three years, during which time she has been mostly employed at the Jacksonville State hospital and her conduct has to all appearances been entirely correct. Her little girl, not boy, as stated in the article, was taken by my mother and myself to raise when the little one was ten months old and we have had her most of the time till the mother's departure for St. Louis when she took the child, saying she was going to place her in the movies.

"Some in Jacksonville, not myself, heard of the mother's intention and wrote the juvenile society or some kind of an organization in St. Louis for the protection of children regarding the matter. We had given us as Mrs. Rhodes' address in St. Louis No. 1331 North Grand avenue and a week or two ago I went down to the city hoping to see little Robbie for I loved the little one so much having had her in our family almost all her life. I called at the address mentioned above and was surprised to find it was a barber shop. I mentioned the fact of the address and letters being sent there to Mrs. Rhodes and the proprietor told me a man had been calling for the mail."

Miss Sargent and her mother are much exercised over the matter. She says she did not write the police nor any one else in St. Louis except Mrs. Rhodes herself and that probably her letter has been found or intercepted as she has had nothing to do with the arrest of Mrs. Rhodes but she does feel anxious regarding the little girl whom she and her mother love very tenderly.

She left yesterday afternoon for St. Louis hoping to locate the little one and it might be she would be able to bring her back. A lady in the Japanese market who heard the Journal reporter speaking of the matter said she would be glad enough if she could get possession of the little girl to raise as she was a sweet, attractive little creature. Miss Sargent said she had always been regularly paid for the care of the child by the little one's mother and she earnestly hopes that nothing evil or unfortunate will happen the little one.

SOME NOTABLE BIRTH-DAYS OCCUR TODAY

Major George Haven Putnam, the veteran publisher and author, president of the American Rights committee, and vigorous opponent of the Teutonic methods of warfare, is 72 years old today. Because he was born in London, the German opponents of Putnam's big protest meetings in Carnegie hall, New York, declared that he was an Englishman meddling in American affairs. But Major Putnam comes from one of the oldest American families, his earliest American ancestor having arrived in 1640. Major Putnam was born in London April 2, 1844, while his parents were touring Europe. His father was George Palmer Putnam, founder of the big publishing house. Young George was educated at the Sorbonne, in Paris, and at the University of Gottingen in Germany. At the age of 18 he enlisted as a private in a New York volunteer regiment and served four years. During the last winter of the war he was a war prisoner at Libby prison and at Danville, Va. One of Major Putnam's most noted accomplishments is the successful contest which he waged for international copyrights. He was decorated with the cross of the Legion of Honor in France for this victory. Major Putnam has long directed a big publishing business, and has written some prominent books. He was twice married, his present wife being Emily James Putnam, daughter of Judge James G. Smith.

Major General Sir Bryan Mahon, commander of British forces in the Near East, 54 years old today.

Dr. Carl L. Alsberg, chief of the bureau of chemistry, United States department of agriculture, 39 years old today.

Bishop Cameron Mann, of the Episcopal diocese of Southern Florida, 65 today.

Dr. Nicholas Murray Butler, president of Columbia university, 54 years old today.

Dr. John H. T. Main, president of Grinnell college, Ia., 57 years old today.

Hon. William B. Wilson, secretary of the department of labor, Washington, 54 years old today.

THE WEATHER.

C. O. Seymour of Franklin was among the business visitors in the city yesterday. Mr. Seymour has kept an accurate record of the weather for the past twelve years and finds it a very interesting study. He reports that there were in January, ten fair days, eighteen cloudy, and three partly cloudy; in February, nine fair days, ten cloudy and ten partly cloudy; in March, nine fair days, thirteen cloudy and nine partly cloudy. During the month just passed the wind was in the east twenty one days.

SPORTS HERE AND THERE

The big league teams have finished their spring training stunts and are headed for the north where the season will be opened April 12. Most of the teams played games with minor league clubs and several played city series. Down in Texas the Texas league clubs walloped the big leaguers several games and made them let out all the notches to win the games they did. Baseball is getting like football. The minors are getting better each year and there is not such a big difference between the teams as there used to be. Of course it must not be thought that a minor league team could make much of a showing in the big league but when they are in condition and the major teams are just limbering up it requires some hustling to beat them.

Hugh Fullerton is of the opinion that there will not be much chance for a recruit in the American league this year. Fullerton is a good baseball man and good judge of ball players. However, we believe he errs in his judgment this time. Lack of pitchers lost the pennant for Detroit last year. All baseball men conceded that Jennings has practically the same pitching staff he had last year. They may be better and they may not be as good. At any rate it looks like it is up to Jennings to get a couple of good ones out of his bunch of recruits. If he does the Tigers will have a chance. Last season the Yankees were short on pitchers as well as other good men. They had two good pitchers in Keating and Caldwell. This year Donovan is going to carry a string of twelve pitchers until May. If he can't get a good staff out of that number then pitchers must be scarce. Reports come that Keating is showing wonderful form this year. He was good last year. It may be his best year and if it is and he has any help the Yankees should be up there fighting. They have a much better team on paper, at least, than that of last year. If Baker fits in with the Yankees' infield and Geddon makes good at second base the Yanks will win a lot of ball games. It would be a great thing for Donovan if he could get up there fighting for the pennant. The Giants have fallen in to disfavor in New York and if the American league team can get up in the first division it will mean lots of money for the owners who have already spent over a hundred thousand dollars and deserve some measure of success and an opportunity to get their money back.

Well the Willard-Moran fight is a thing of the past. It ended as was predicted with both men on their feet and fighting at the last bell. It is seldom that any ten round bout between any weight men ever ends decisively. This is especially true of the big men. Few heavyweight

fighters have ever been won inside of a dozen rounds, much less ten rounds.

While all of the newspaper men at the ringside gave the battle to Willard there is food for thought in the battle. Moran said after the fight that if he had not carried the battle to Willard there would have been no fight. Reading the reports this seems to have considerable truth in it. Moran did force the fighting, tho he was unable to do much damage because of Willard's superior height and reach. However, he had the better of the third round and in the eighth he clipped Willard on the chin and apparently dazed him. The blow demonstrated that Willard can be hurt.

Moran wants a fight over the twenty round distance. The fans also want a long distance bout between the men. It is probable that over that distance some one will get whipped. Moran thinks it will be Willard and Jess thinks it will be Moran. Moran is a dangerous customer and he might be able to win over the twenty round distance. There is one thing sure if he can keep away from punishment the first ten rounds and get in a few of his right hand smashes he is likely to take home the bacon and also the world's heavyweight title.

William "Happy" DeFrates will leave Monday for Davenport, Iowa, to report to the Three Eye league team of that city, having received transportation and a letter from Dan O'Leary, the manager of the team, to be on hand Monday, April 3. DeFrates probably will leave here Monday morning. Walter Woodman, ground keeper at Peoria, expects to leave for that city Monday. DeFrates probably will be with him and spend the day in Peoria, going to Davenport Tuesday morning. DeFrates is the best third baseman in this part of the country. He is good enough for minor league company and the man who beats him out of the third base job at Davenport will have to step some. His friends will wish him success in his efforts.

While not much has been heard from the local team preparations are going on steadily for the approaching season. A number of games have been booked and it is probable that the schedule will be completed for most of the summer within a few days. Tho nothing definite is known and much depends on the weather, it is hoped to open the local season April 16 with the Pekin Rainbows as opponents. The Rainbows always have a good team and promise a better one than ever this year. Last year there was excellent baseball weather thru April only to turn cold during May. It is the intention of the management to take advantage of any good baseball weather in April.

MAVERICKS

April ushers in the showers, with singing birds and springtime flowers. The lambskins gambol on the green and everywhere signs of spring are seen. The good wife starts to cleaning house while the old cat chases the festive mouse. The small boy's thoughts from books do turn as he digs a can of angle worms and hies himself to the old creek bank; tho he knows on his return he will be spanked. Spring fever racks the entire frame and we long to see a good ball game, but the thing that surely gives us pain is when wifey shouts, "come beat this rug again."

As a pedestrian Villa is proving even superior to the Russians.

The men who made the calendar had nerve with them to put thirty-one days in March.

Mr. Villa found that there was considerable difference between fighting Mexican troops and United States troops.

Some of the aldermen in Chicago want their salaries raised. In the opinion of many Chicago citizens some of them should be arrested now for obtaining money under false pretenses.

Special.

Miss Edith Watt has the misfortune to have the rheumatism in the left eye from using it too much.

March came in like a lion and continued to roar thruout nearly all of its thirty-one days.

Forty-three seniors at Princeton claim the doubtful honor of having never kissed a girl. Which leads us to remark, "What fools some mortals be."

Col. Dodd has given the world a sample of what a real American fighting man is.

There is not much in a name. Ister Smile of Chicago has sued her husband Samuel Smile for divorce.

A man in Chicago married a Spanish nightingale and now there is a divorce suit on. It is probable that the nightingale turned out to be a crow in real life.

A man who sows a crop of wild oats may always rest assured of a big harvest, even tho it may be delayed in coming.

When a man gets infatuated with a woman's voice over the telephone he is usually disappointed when he sees her.

They are getting civilized down in Buenos Aires. The other day they had an election riot and several were killed.

If a man rushes up to you these days with outstretched hand and an expansive smile don't think he is a long lost brother. He is only one of the numerous candidates whose friends have forced him to run.

This is the season of the year when a man plants garden seed with the utmost abandon and then sits down when the weather gets hot and lets it get covered up with weeds.

Many of us became boys again last Thursday and followed the parade of the Al G. Fields minstrel company about the streets listening to the music.

There may be a time when the limit will be reached in the length of women's skirts but some of the loafers who stand around on the street corners in Jacksonville are hoping that it will not come in the near future.

Might Have Been in German.
David Watt, Jr., the most popular boy in high school for wind jamming and boasting, was throwing peanuts at the girls in English and Miss Hirtzel kindly excused him. His reward in English Tuesday was zero.—Scott County Herald.

Time was when William R. Hearst's newspapers were referred to as typical examples of Yellow Journalism. In recent years, however, the Chicago Tribune has furnished some fine "yellow" samples. Witness the filth that it printed last week about the Edwards case where in Edwards was being tried under the Mann act.

A Decatur preacher fears that prosperity dulls religion. If that is true the country should have become mighty religious the past few years.

In the Tribune we notice a headline, "Yuan invited to resign and his advisers to die." Mr. Yuan may accept the invitation but we doubt if his advisers will accept the one issued to them.

The dispatches tell us that Wilson plans a drastic move in the Libat affair. We wonder if he is going to write a longer note than usual.

Spring Tragedy.

Pullman Palace Motor Cars

Mr. Williams, after driving a Pullman 50,000 miles, easily won the free-for-all race over seven competitors, at Visalia, Calif.

At the Rostov-on-Don, Russia exposition, competing with American and foreign cars of much higher price, three Pullman cars entered, won three gold medals, defeating their rivals on every point, winning the most wonderful victory in the history of American industry, winning more trophies than all others.

Wherever Pullman cars have been introduced, for fourteen years, they have repeated their success.

Out of 320 cars exhibited at the Paris Salon exhibition 297 were four cylinder cars. The tendency of foreign manufacturers and engineers is unmistakably favorable to the four cylinder motor.

CONSERVATORY NOTES.

There will be a recital of advanced students next Friday evening, April 7, in Recital hall, at 8 o'clock. The public is cordially invited to attend. The recital of song and violin, given by Miss Helen Frazer, assisted by Miss Inez Pires, pianist, last Thursday evening, was most successful. Miss Frazer, as well as Miss Pires, received much appreciative applause from the audience. Miss Marguerite Butler and Mr. Kitch played the accompaniments.

A program of music will be given by members of the faculty of the Conservatory in the auditorium of the David Prince school on the evening of April 20 for the Morgan County Teachers' association.

The Conservatory orchestra, under Mr. Kitch, are rehearsing on the first Peer Gynt Suite by Grieg, the Gavotte from Thomas' "Mignon" and the Three Dances from "Henry Eighth," by Edward German.

There will be a students' recital at 4 o'clock Friday afternoon.

RUB OUT RHEUMATISM WITH "ST. JACOBS OIL"

Get a Small Trial Bottle—Rub Pain, Soreness, Stiffness Right Out of Joints and Muscles—Instant Relief! Best Liniment, Doesn't Blister

Rheumatism is "pain only". Not a case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism and backache liniment which never disappears. Limber up! Quit complaining!

Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century and is just as good for sciatica, neuralgia, lumbago, backache, sprains, Adv.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little MUSTEROLE on the temples and neck. It drives out the inflammation, soothes away the pain—gives quick relief.

MUSTEROLE is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister!

Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joint, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet—Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

**Cut This Out—
It Is Worth Money**

Cut out this advertisement, enclose 5 cents to Foley & Co., 235 St. Paul Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing:

- (1) Foley's Honey and Tar Compound, the standard family remedy for coughs, colds, croup, whooping cough, tightness and soreness in chest, grippe and bronchial coughs.
- (2) Foley Kidney Pills, for overworked and disordered kidneys and bladder ailments, pain in sides and back due to kidney trouble, sore muscles, stiff joints, backache and rheumatism.
- (3) Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic. Especially comforting to stout persons, and a purgative needed by everybody with sluggish bowels and torpid liver. You can try these three family remedies for only 5c.

WHY HAIR FALLS OUT.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderrin at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Adv.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"Pape's Diapiesin" Fixes Sick, Sour, Upset Stomachs in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas, causes headache, dizziness and nausea; eructation of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Fervid, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

R. L. Pyatt, City Clerk.

SPECIAL MUSIC AT GRACE.

Sunday evening the choir at Grace church will give the second of the Lenten cantatas, which have been in preparation for the last few weeks. The cantata is "From Olivet to Calvary," by Marsden, and tells in beautiful music, devotional choruses, the last week of the Savior's life, from the triumphal entry into Jerusalem to the tragedy of Calvary. The work is unique among church cantatas because of the simplicity, beauty and real musicianship of the score. It is sincerely devotional music and abounds in beautiful passages.

The solos will be sung by Miss Rena M. Lazelle, soprano, and Miss Lena Hopper, contralto. In addition to the cantata Miss Lazelle will sing "Jerusalem Thou That Killest the Prophets," from the St. Paul, by Mendelssohn. There will be hymns for the congregation, appropriate scripture reading. All are cordially invited to attend and join in the worship of song.

Because of the performance of this cantata Mr. Stearns' fifth Vesper organ recital has been postponed until Sunday, April 9.

PAIGE

The Standard of Value and Quality

You Must Place Your Order Now If You Want "Immediate Delivery"

Once again, we must urge you to act quickly in placing your order for a Paige Fairfield seven passenger "Six-46."

Don't delay. Don't put the matter off one day longer than is absolutely necessary if you would avoid disappointment later on.

Already the factory is flooded with orders for this wonderfully popular model.

Despite the fact that our manufacturing facilities have been tripled, we are facing an immediate shortage of Fairfields, and the spring retail season is only a few weeks off.

Just stop for a minute and consider the significance of the statement when we tell you that, so far in 1916, we have marketed more seven passenger cars than any other manufacturer in our price class.

Also, ponder over the fact that during March we shipped 25 solid train loads of the Fairfield model exclusively.

Last year, you will remember, there was a long Paige "waiting list."

Hundreds of people delayed their purchases until the last minute—and were then compelled to accept sixty and ninety days delivery—or compromise on a "second best."

So, be fair to yourself. Protect your own good interests. Go to the Paige dealer—place a cash deposit in his hands—and make sure that you will receive the car of your choice.

It is by no means our purpose to "stampede" motor car buyers into early or ill-considered purchases, but we know that a shortage is coming and offer this information in a sincerely helpful spirit.

And now let us say a word about the car itself.

First and foremost, we want to remind you that the Paige Fairfield "Six-46" is a tried and proven success.

When you buy a Paige "Six-46" today, you are buying a car which has passed the experimental stage. You are buying a car of known quality—known ability.

In a word, the "Six-46" is an eminently safe automobile investment.

It is a good car—not merely because we say so—but because its owners have conclusively established this goodness in the grueling tests of more than a year's actual road work.

Here, then, is one substantial reason for the overwhelming demand which the "Six-46" enjoys. And there is another—a basic reason which has made this record possible.

Time and time again, we have stated our policy of scrupulously avoiding any expression in Paige advertising which might savor of exaggeration or misrepresentation. We make an honest product and we propose to sell it in an honest way.

But, facts are facts, and we boldly and fearlessly claim that the Paige Fairfield "Six-46" represents more actual dollar-for-dollar value than any other motor car on the market.

If this appears to be a broad statement we invite you to check us up by inspecting the car, riding in it, and conducting any comparative investigation which you may care to make.

Understand, we do not claim to make the only good motor car, nor do we ask you to believe that our Fairfield is the best American make.

But we do most emphatically insist that the "Six-46" offers a greater value for its price—\$1295—than any other automobile produced in this country or abroad. Furthermore, you will heartily agree with us if you will permit the Paige Dealer to give you one thorough demonstration—just one.

But, please don't forget—you must act quickly. Get your order in now—before it is too late.

WATCH OUT FOR BACKACHE

Swollen Ankles or Feet, Puffy Eyelids,
Intense Thirst, Chalky Complexion
These Troubles are Usually Caused
by Bad Kidneys

You don't want to get scared into a
panic of fear, but you do want to get
busy at the very first sign of irregu-
larity of kidneys or bladder so you
can prevent its becoming serious. For
there comes a time in neglected kid-
ney trouble when it has developed into
an incurable disease, such as Diabetes
or Bright's Disease.

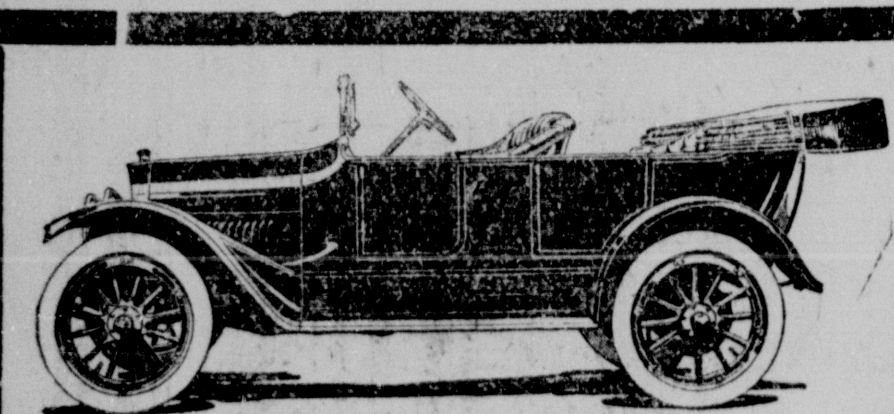

The kidneys are such delicate organs
that indiscretions in eating or drink-
ing, derangements of the stomach or
bowels, habits of life or the later after-
effects of even such childhood illnesses
as Scarlet Fever, etc., have thrown
too heavy a burden on the kidneys or
weakened them.

Pay close attention to the symptoms
given above—do something for them
or any one of them. Drink plenty of
pure water, keep the bowels regular
and take from one to two of the ready-
put-up prescription known as Sal-
ko Kidney and Backache Pills three or
four times a day after meals. This
treatment is based on the Health-
Safety-First principle of an ounce of
prevention being worth a pound of
cure, and is recommended and en-
dorsed not only by ourselves but by
the organization of Sal-ko druggists
of this country, of which we are mem-
bers and sole representatives in this
city.

If Sal-ko Kidney and Backache Pills
do not relieve the symptoms your case
is too serious for any home-treatment
—go to a good doctor in such an event.
But, except in such a dangerous at-
tack, you will find that this treatment
will give relief and prevent serious
consequences.

Ours is the only store in this city
where you can get Sal-ko Kidney and
Backache Pills or any of the Sal-ko
Safety-First remedies.

Ask at our store for free copy of
Sal-ko Safety First Manual of Health
and Diet.

LONG EXISTING PARTNERSHIP DISSOLVED BY AGREEMENT

Change in Firm of Barr & Huffman
Announced —Became Associated
Twenty Nine Years Ago—Mr. Barr
in Business for Fifty Years.

As will be seen from the notice
appearing elsewhere in this paper
firm of Barr & Huffman has been dis-
solved by agreement and Mr. Huff-
man will withdraw to devote his
time to other interests. Saturday
Mr. Huffman did not make clear his
plans but said that he expected to
take a vacation of several months
before again entering active busi-
ness. He intends to remain a Jack-
sonville resident.

The firm of Barr & Huffman is
one of the oldest in Jacksonville
continuing in the same line of busi-
ness. It was twenty-nine years ago
that William Huffman entered the
employment of S. O. Barr, who was then
conducting an oyster depot in the
room now occupied by the Postal
Telegraph company in the Farrell
bank building. Mr. Huffman was in
Mr. Barr's employ during the oyster
season and during the summer
months conducted a fish and fruit
market on his own account. After
operating in this way for a period of
ten years the businesses were com-
bined and the firm became Barr &
Huffman.

The business was conducted in the
first location for ten years and nine-
teen years ago a change was made
to the present store room at 213
West State street. Prior to engag-
ing in this business Mr. Huffman
was in the employ of the U. S. Ex-
press company for a period of three
years. The business has been con-
ducted in quite an extensive way
from a wholesale standpoint, the
firm having customers in towns and
cities as far west as Barry, north
to Havana and south to Louisiana.
The relations between the partners
have been at all times most cordial
and the change which has just been
announced is the result of an amic-
able agreement.

Way Back in 1865.

Mr. Barr can justly claim the hon-
or of being one of the oldest busi-
ness men of Jacksonville measured
by the time he has actually been
connected with the business life of
the city. In 1865 he took a position
with Smith, Barr & company,
afterward Smith, Barr and Landers,
at their store room in the Strawn
Block on the south side of the
square. A little later the business

was changed to the marble block
building on the same side of the
square, owned by Judge Edward P.
Kirby, and soon to be the home of
the Princess Candy company. Mr.
Barr was in the dry goods store for
several years and then took a posi-
tion with Edward J. King in the oys-
ter house Mr. King had establish-
ed in the Ayers Block on West
State, the room that is now occu-
pied by the Western Union Telegraph
company.

After a year's time Mr. Barr went
into partnership with Mr. King and
the firm was known as E. J. King &
company. A year later Mr. King
sold his interest and S. O. Barr was
associated with his brother, Hugh
Barr for two years. Then the latter
sold his share in the business to S.
O. Barr, who continued to be the
sole proprietor until the time he ad-
mitted William Huffman to the busi-
ness. Mr. Barr moved from West
State street to East State street in
1879, occupying the room where J.
R. Watt and son are now in busi-
ness. Following a two-year tenancy,
there Mr. Barr changed to the base-
ment room now occupied by the
Postal Telegraph company. For a
time this was rented from M. P.
Ayers & Company and later from
the Central Bank.

In Business Fifty Years.

By this record it will be seen that
Mr. Barr has been connected with
the business life of Jacksonville for
fifty years and for forty-four years
continuously he has been engaged in
the oyster trade. Only one merchant
Mr. Barr says, surpasses this record
and that is A. P. Vasconcellos, the
East State street grocer, who has
been in that business continuously
without change of firm since 1866,
a period of fifty years. John N.
Ward holds a long record for busi-
ness life in Jacksonville, but his
first years were in the book and
stationery business and not in the
bindery. C. T. Russell's connection
with the business life of the city
runs about parallel with that of Mr.
Barr. Possibly a few other names
might be added to the list but there
are certainly not many business men
or firms in Jacksonville that can
anywhere approach the record of
the names mentioned. Both Mr. Barr
and Mr. Huffman have a good busi-
ness record and citizens generally
will be glad to know that the busi-
ness is to be continued and that
neither member of the firm is to be
lost as a citizen.

The Coming Baby! Hooray! Hooray!

Some Timely And Helpful Remarks for the Benefit of the Expectant Mother

Nothing else can so completely endear us to the present and the future as the expected arrival of a baby. In the meantime, the comfort of the mother is of vast importance. There is a special external remedy known as "Mother's Friend" which exerts a wonderful influence upon the expansion of the uterus. They become more pliant, stretch without undue pain, make the period of pleasant anticipation instead of apprehension. In a series of splendid letters from all over the country mothers tell of the great help "Mother's Friend" was to them. Even grandmothers tell the wonderful story to their own daughters about to enter the state of matrimony. Get a bottle of "Mother's Friend" today of your nearest druggist. It should be remembered that this splendid remedy is for external use only. Great care should always be exercised in using medicine for internal use. And it may be safely said that by the daily application of "Mother's Friend" there will be such ease and comfort as to rid the mind of the notion that internal medicine is necessary during this momentous period of expectancy. "Mother's Friend" is recommended by a host of women.

Use this splendid help with your own hand guided by your own mind. For a free book of interest and information to all mothers write to Bradfield Regulator Co., 400 Lumber Bldg., Atlanta, Ga. It relates the personal experiences of many happy mothers. It tells many things that all women should be familiar with. It is at once a guide and an inspiration. Write for this book.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill.—"While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELTON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

WHITE HALL.

The marriage of Mrs. J. W. Stumbough and D. B. Slyter took place at noon Sunday, March 26, at the home of the bride here, Elder Francis Fowler officiating. A wedding dinner was served to about forty guests. Mr. Slyter is proprietor of the Central hotel on East Bridgeport street, where they will make their home for the present.

Miss Leta Patterson of Hillview was married recently to Comber Whiteman of White Hall, the ceremony taking place at the home of the bride's parents, Mr. and Mrs. Joseph Patterson. The young people expect to make their home for the present with the groom's parents, Mr. and Mrs. Charles Whiteman.

Miss Mary Baker, a teacher in the public schools of Decatur, arrived Saturday to spend the spring vacation with her parents, Mr. and Mrs. J. S. Baker.

That White Hall is to have a chauntan the coming season is assured, as 300 guarantors' tickets have been sold. Tickets are to be sold at \$1.50 until 500 have been disposed of, and the price thereafter will be \$2. The gate admission will be 25c and 50c.

A mass meeting is to be held this afternoon at 3 o'clock at the Princess theater, one having been held last Sunday. The interest shown in the project has been very gratifying to the officers and committees in charge. The officers are: president, Rev. A. F. Ewert; vice president, M. B. Rose; treasurer, Alonzo Ellis.

Funeral services were held recently in Carrollton for Mrs. Nellie Wright, who died in a hospital at Terre Haute, Ind., at the age of 31 years. The Rev. A. F. Ewert was in charge of the services. Nellie Hickey was born in Paris, Ill., Nov. 15, 1884. In 1901 she became a resident of Carrollton, making her home with her aunt, Mrs. Martha Bandy. On Sept. 15, 1908, she was united in marriage with C. M. Wright, a well known farmer residing near Paris, where they made their home until Mr. Wright's death in April, 1911. Mrs. Wright then came to Carrollton, where she was employed as a teacher in the public schools. Because of failing health she was forced a few weeks ago to resign her position, and was succeeded by Miss Amanda Eberlein.

The death of Monroe G. Sisson, ex-editor and publisher of the Greenfield Blade, occurred Sunday, March 26, at his home in Carrollton. The deceased was born fifty-nine years ago in Hillsboro. For several years he had traveled for the Advance flour mills, but on account of ill health had given up active duties. He is survived by his widow and four children, Guy, Kenneth, Nannie and Carmen. Mr. Sisson was widely known throughout this section of the state and had many friends. Funeral services were held Tuesday at the Baptist church at Carrollton.

Members of the Roodhouse Whist club were entertained by the White Hall Whist club recently at the home of Mrs. Margaret Fanning. The occasion was one of great pleasure for all present.

IN JACKSONVILLE FORTY SEVEN YEARS

April first, 1869, W. A. Alcott arrived with his family in Jacksonville and took rooms for the time at the Mansion House, now the Park, conducted then by the Kelseys who carried on the business of the city in the Mansion and Dunlap Houses and the Washab passenger station eating room. At that time William Boyd was a porter at the Mansion House and a day or two since Lee P. Alcott hired William, Jr., to go some work. Lee has seen a few changes in the city since his arrival.

IRREGULARITY IS DOMINANT NOTE IN STOCKS AT WEEK'S END

Trading Is Very Light and More Narrow Than in the Preceding Days.

New York, April 1.—The week ended as it began, with irregularity the dominant note. Trading today was very light and more narrow than in the preceding days. Oils and other Mexican issues were strong on overnight developments south of the Rio Grande. Mexican Petroleum and Texas Company were higher by 2 1/2 to 3 points respectively, and American Smelting rose 2 points. Copper in general resumed yesterday's activity and the automobile group was better 1 to 2.

Among war issues Crucible Steel common and preferred, New York Airbrake, Baldwin Locomotive and American Car made similar gains and Mercantile Marine preferred supplemented yesterday's advance by 2 points. Rails were heavy or irregular. New Haven adding a substantial fraction to yesterday's setback, but New York Central made some recovery. Total sales of stocks amounted to 195,000 shares.

Trade reviews touched upon the steady expansion of general business and the increasing scarcity of labor, especially in the textile industries. Banks in remote sections report an increased demand for money, with a further hardening of long time accommodations.

The local bank statement showed an actual increase of \$13,382,000 in loans, with no material change in cash holdings and a further decrease in reserves, drawing the excess down to \$123,823,000, the smallest total thus far this year.

BULLISH CROP CONDITIONS BRING ADVANCE IN WHEAT

Market Closes Strong, 1 1/2 to 2 1/2 Cents Net Higher—Other Speculative Articles Show Gain.

Chicago, April 1.—Bullish crop conditions reported both from the winter wheat and spring wheat belts were chiefly responsible for a decided advance that took place today in prices here. The market closed strong, 1 1/2 to 2 1/2 cents net higher, with May at 1 1/2 and July at 1 1/4.

Other speculative articles, too, showed gains.—Corn 5 1/2 to 1c; oats 5 1/2 to 1/4 to 1/2c; and provisions 1 1/2 to 3/4c.

Prospects of a notable decrease in the spring crop acreage on both sides of the Canadian line added materially to the handicap on the bears in wheat. Improved cash demand lifted corn. The wheat bulge and the smallness of receipts were likewise factors in the advance. Oats hardened in sympathy with other cereals. Gains, however, were relatively small, owing to signs of increased acreage where winter wheat has been abandoned.

Higher prices on hogs and corn gave strength to provisions. In addition, weekly figures indicated liberal shipments of meats and lard.

For President

SEN. LAWRENCE Y. SHERMAN

For Delegates to the Republican National Convention:

HOMER J. TICE of Menard County.

FRANK J. HEINL of Morgan County.

For Alternates to the Republican National Convention

ELMER E. SIMPSON of Greene County.

I. G. BAIR of Cass County.

Senator Sherman's Message to the Republican Voters of the 20th Congressional District.

"In accord with resolutions adopted at the Republican conference in Jacksonville, Jan. 5, 1916, I selected as delegates to the Republican National Convention, Homer J. Tice of Menard County, and Frank J. Heinl, of Morgan County, and as alternates to said convention Elmer E. Simpson, of Greene County, and I. G. Bair of Cass County, and so announced in the Chicago papers on Feb. 4, together with those named in other Illinois districts and expressed in the following telegram my request that the Republicans of the state support these men:

"They are my choice and are the result of the efforts of my friends and myself to unite all who are affiliated with the Republican party and to secure harmony and our full strength for 1916. I ask the support of all my friends for the candidates named."

"I adhere to this request and ask my friends to go to the primaries and support the men named as delegates and alternates."

Washington, D. C., March 20, 1916.

[Signed]

L. Y. SHERMAN

WOMAN'S COLLEGE NOTES.

Much interest has been manifested in the Basketball Tournament, which has been started under the auspices of the Athletic Association. Already in the tournament three games have been played; one between the Freshmen and the Academy, which was won by the Academy, 11 to 7; another between the Sophomore class and the Academy, which was won by the Academy, 25 to 0. This was followed by the Sophomore-Freshman game won by the Sophomores score 20-15. The winning class will be awarded the silver shield and will be entitled to retain this for one year or until it wins it in the next tournament. Much outdoor work is being done by the gymnasium classes.

The Art Exhibit closes Monday, April 3. Many hundred visitors have been privileged to see the superb collection of paintings.

The annual formal recognition of the Freshman class took place Saturday, April 1, at the regular Chapel exercises. After the singing of the banner into place and the singing of songs, President Harker addressed the class, telling them of the opportunities and privileges which were in front of them.

As one of the entertainments of the Artists' Course Professor James W. Thompson, Professor of History at the University of Chicago, will give a lecture Monday night on "The History and Mystery of European Archives." As Professor Thompson has specialized in European History, this lecture will be of unusual interest to all students because of the present war in Europe. There is no charge for admission to the students of the College.

LECTURE AT WOMAN'S COLLEGE
Professor James Westphal Thompson, who is professor of history in the University of Chicago, will give a lecture Monday night, at 7:45 o'clock in Music hall at Illinois Woman's college on "The History and Mystery of European Archives."

Mr. Thompson has specialized in European history. This lecture is of unusual interest to students because of the present war.

Students of Illinois Woman's college will be admitted free. To all others a fee of 25 cents is charged.

MC GRAW PLEADS SELF DEFENSE IN MURDER TRIAL

Man Who Killed Last of the Allen Clan Will Appear Before Court at Hillsville, Va.

Hillsville, Va., April 1.—At the April term of the Carroll county court, which will sit in the same court room where the Allen clan "shot up" the court, killing the judge, the prosecutor, the sheriff, a juror and a witness, four years ago, a hearing will be given Will McGraw, the self-confessed slayer of Jack Allen, the last of the Allen clan. McGraw risked the world of the last of the Allens during a fight in the home of Mrs. Roberta Martin, five miles from Mount Airy, N. C., on March 17. It was four years almost to the day from the "shooting up" of the little court room here, which assailed the country.

McGraw, who is known as a bad man all thru this section, will plead self-defense. He claims that Allen objected to his remarks concerning the Allen clan, and was about to take his life when, in self-defense, he shot Allen thru the head. At the time of the shooting the women and children in the house had fled. Two shots were heard. McGraw, hatless and coatless, plunged from the doorway of the house and disappeared. Sheriff Edwards of Carroll county went after McGraw and brought him into Roanoke for safe keeping.

The killing of Jack Allen raises the total of deaths resulting from the court room shooting on March 14, 1912, to eight. Five died in the little mountain court house. Floyd Allen, brother of Jack Allen, and his son, Claude Allen, were executed March 28, 1913, at Richmond. Jack Allen, who met his death March 17 last, was the eighth.

The victims of the Allen clan were Judge Thornton L. Massie, one of the most prominent jurists in Virginia, who was presiding at the trial; County Prosecutor William M. Foster; Sheriff Lewis A. Webb; Juror Augustus Flower and Elizabeth Ayers, a witness.

A trivial incident led to the shooting up of the court. Two nephews of Floyd Allen, Wesley Edward and Sidna, had been arrested for disorderly conduct, growing out of a church meeting in which a kinsman of the Allens, who was not in favor with the remainder of the clan, was given a beating. The arrest of the nephews touched the pride of Floyd Allen, a great big mountaineer. With his followers, he boasted that no Allen ever had gone to jail. Then Floyd Allen himself was arrested and ultimately convicted of interfering with an officer.

The shooting took place at a dramatic moment on the day the prisoner was to have been sentenced to one year in prison. Seven persons, in addition to Floyd Allen, were accused of having taken part in the shooting. Besides Allen and his son Claude, who later died with him at Richmond, the accused men were Sidna and Wesley Edwards Allen, the two nephews; Sidna Allen, a brother, a co-leader of the Allen clan that had terrified the Blue Ridge mountains for three generations; Victor Allen, another son; Frell Allen, a nephew, and Byrd Marion, a cousin.

Victor Allen was acquitted for lack of evidence. Sidna Allen and Wesley Edwards Allen were caught at Des Moines, and the former was sentenced to thirty-five years and the latter to twenty-seven years in prison. Byrd Marion became a state witness and was discharged. Frell Allen was caught two weeks after the court room slaughter and, although only 17 years old, was given eighteen years in prison. Sidna Edwards Allen went to jail for fifteen years for his part in the shooting here.

FAGGED-OUT WOMEN

Will Find a Helpful Suggestion in This Letter.

Overworked, run down, "fagged out" women, who feel as though they could hardly drag about, should profit by Mrs. Carter's experience. She says: "I am the mother of six children and I got so weak and run-down that I couldn't eat anything and it seemed almost impossible for me to get around and do my work. I tried different doctors' remedies without benefit. I saw Vinol advertised and decided to try it, and received so much benefit from the first bottle that I continued to take it, and it has built up my strength and made me strong and well. I consider Vinol the best medicine I have ever taken, and advise all weak, run-down women to try it." Mrs. Bessie Carter, State Road, N. C.

If all the tired, over-worked, run-down women in Jacksonville could only realize how our delicious cod liver and iron tonic, Vinol, supplies the vital elements necessary to build up blood and strength we wouldn't be able to supply the demand. Lee P. Allcott, druggist, Jacksonville, Ill.—Adv.

FUNERAL SERVICES HELD FOR LATE MRS. CORNELIA EPLER

Large Gathering of Friends for Obsequies of Long Time Resident of the City—Rev. J. F. Langton and Rev. A. B. Morey Both Had Part in Services.

Funeral services for Mrs. Cornelia Epler were held from the residence, 1136 West State street Saturday afternoon at 2:30 o'clock. Services were in charge of the Rev. J. F. Langton, rector of Trinity church, assisted by the Rev. A. B. Morey for many years an intimate friend of the Epler family. There was a large gathering of friends and relatives at the services. Mrs. Epler was one of the oldest communicants of Trinity church.

During services Mrs. William Barr Brown, Jr., sang very feelingly, "Abide With Me," and "Nearer My God to Thee." At the services at the grave Mrs. Brown sang "Asleep in Jesus."

Rev. Mr. Langton gave the beautiful burial service for the dead of the Episcopal church. After the service Rev. Mr. Langton spoke briefly by request, taking as his text John 14-1, "Let Not Your Heart be Troubled, Ye Believe in God Believe also in Me." He drew a beautiful lesson from the text, and closed by reciting Tennyson's "Crossing the Bar."

Dr. Morey who assisted in the services had been an intimate friend of the Epler family for many years. Dr. Morey paid a beautiful tribute to the memory of Mrs. Epler. He said:

The Time of Separation.
"When a mother is taken away from the home of grown up children, the separation awakens strange memories of sacred associations that may have dropped out of life, but which need only the touch of the unseen hand to bring them back to life. It is only one such funeral in our life. It is unique in its awakening power. It voices the child's feeling of dependence and attachment long forgotten."

"A mother's influence on the after life differs with different persons and at different times, but in our success the training shines. Unconsciously as we move on the upward path the mother is the chief force to us. It is a momentous fact that no American has become president of the United States without the memory of the prayers he heard at his mother's knee. There is not a president but has left somewhere on record his testimony to the training of a Christian mother showing that the qualities given to a man by the love and daily training of a sincere, God-fearing mother are those which command the trust of other men. Our nation has not always chosen our ablest men to be its chief rulers, but it never has chosen a man whom the majority of the people did not believe to be honest in character. That is a fine high proof of the value of religion in the mother, for without exception all the mothers of our presidents were Godly and devout. What we owe to our mothers can never be told. Not only does her influence follow us thru life, often when we are utterly unconscious of it, but there are times when it fastens itself upon us with a grip that nothing can shake off."

A Mother's Influence.
"What was the influence of this mother upon the seven children who are still living? No one on earth can know. Coming from a distinguished colonial and English ancestry, her tastes were naturally literary. She was a great reader and a fine linguist, keeping up her knowledge of modern languages, reading French and German every day, and interested in every development in the literary and scientific world. Such an intelligent and well informed mother in the home creates an atmosphere of thought that becomes the origin of all their after thinking. Many thinking men and women have been brought to new ways of thinking by the death of their mother. They have found their first vivid certainty of the other world to which the mother has gone. Nathaniel Hawthorne gives this account of the effect of his mother's death upon him:

"For a long time I knelt by her bed, holding her hand, and surely it was the darkest hour I ever lived. Afterwards I stood by the open window and looked thru a crevice of the curtain. The shouts, the laughter and cries of the two children had come up into the chamber from the open air, making a strange contrast with the death scene. And now thru the crevice in the curtain, I saw my little lad of the golden locks looking very beautiful and so full of spirit and life that he was life itself. And then I looked at my poor dying mother and seemed to see the whole of human existence at once, standing in the dusty midst of it. O, what a mockery if what I saw were all to be thrust out of life and annihilated in this miserable way. But God would not have made the cloud so dark and wretched if there was nothing beyond. So out of the very bitterness of death I gathered the sweet assurance of a better state of living."

True Love is Immortal
"In some such way our loss gives us just enough heaven on this side the grave and convinces us of what lies beyond. All true love is immortal. It never dies out of the soul. It is made for eternity. The animal mother loves her offspring until it is able to take care of itself, then the natural affection ceases. Not so with the love of the human mother. She may be bent with the weight of over four score years and her living son may be up near the three score years, but that first love grows stronger and lives on. Why is this? Because love is the touch of God on the soul. 'God is love.' With a capacity big enough to be

something of what God is we have to guarantee that God's forever is our forever. The love that hovered over the cradle outlives the cradle. When we stand by the deathbed on which lies one whose body is worn to a shadow but whose mind is freeing itself from the fetters of the body, it is then that we are pierced with the conviction that the spirit does not die with the body. Our faith in the future life grows out of the heart, for God has put eternity in the heart.

"Home is heaven in miniature, a house not made with hands whose builder makes it 'love.' The love of Christ is stamped upon it. It is his spirit that looks out upon us there. So God takes the mother's unceasing love as a type of His own. 'As one whom his mother comforts, so will I comfort you.' As our mother's sympathy, her partnership, her presence, her love, her share in our sorrows, calmed away our fears and frets when we were children. So God comes today with his home-like love to comfort us."

"The little bird sang east, And the little bird sang west; And I smiled to think God's greatness,

Flows around my incompleteness, 'Round my restlessness his rest.' At the conclusion of the services at the house the remains were conveyed to Diamond Grove cemetery for interment. The bearers were Grates Strawn, John A. Behatt, Earl Epler, S. A. Fairbank, John A. Ayers and Charles Sanders.

There was a large number of beautiful floral offerings and these were cared for by Mrs. Hugh Smith, Mrs. Frank Elliott, Mrs. William Barr Brown and Mrs. Harry Cornick.

ILLINOIS WILL ESTABLISH LEPER COLONY AT WATERTOWN

PEORIA, April 1.—Following the discovery yesterday that Miguel Vasquez of Moline, Ill., was suffering from leprosy, Dr. George A. Zeller of the state board of administration today announced that the state would establish a leper colony at Watertown. When arrangements are completed, Illinois will be one of four states supporting leper colonies.

Vasquez's case was said by Dr. Zeller today to be a malignant one. His wife, who has been his constant companion, but not afflicted with the disease, will go with him to the Watertown colony.

Dr. Zeller said there were probably 100 cases of leprosy in Illinois and that steps would be taken to place all sufferers in the colony at Watertown.

CHAPTER 37.

Experiments Clearly Prove That the Outer Parts of the Grains of the Fields Contain the Essential Constituents for the Normal Nutrition of the Nervous System Both in Growing Animals and in Adults.

Dr. Frederick Gowland Hopkins' own words as uttered in the form of a scientific paper from the department of chemical physiology, University of Cambridge, will prove a stumbling block to many a miller of "patent" flour. Here is what he said:

"The superior value of whole wheat meal lies in the fact that it retains certain, at present unrecognized, food substances whose presence allows our systems to make full use of the tissue-building elements of the grain. These substances of undetermined nature are removed from fine white flour in the milling."

"I began long ago a series of experiments on the relative tissue-building values of fine white flour and of flour made of the whole grain. These experiments were made among others in an endeavor to discover the nature of the unknown substances which I have mentioned."

"All my work to date confirms my belief in the superior food value of standard whole wheat bread. After definitely proving that young animals grow with very much greater rapidity on brown flour than on white flour, I have been able to improve the tissue building rate of the white flour subjects by adding to their white flour an extract made from the brown flour."

"To make the best use of any food

material, such as the proteins for instance, certain other food substances and possibly a variety of them must also be present in definite proportions."

"If one essential food constituent which ought to make up at least 1 per cent of the total food is present in only half its normal amount, then when it is a case of building up the tissues the system will only be able to make use of half of the other food elements even if these other food elements make up the main bulk of the food."

"This principle has long been recognized as regards plant life and growth. A plant in order to attain perfect growth must find in the soil a certain minimum of each of many elements."

"Consider, for example, the element potassium. If only half of the necessary amount of potassium be present, then, no matter how abundant may be all the other soil and air constituents, their normal utilization is limited to one-half. The rate of growth and the ultimate development of the plant are consequently depressed."

"The absolute amount of potassium employed in growth is very small compared with the carbon or nitrogen; but any deficiency in it

limits growth as surely as a deficiency in the more important elements."

"The substances of unknown nature may need to be present in very small amount, but if the necessary minimum is not available the utilization of other constituents in tissue growth or repair is infallibly deficient."

"In the process of converting the wheat grain to fine white flour these elements are lost or destroyed. It follows that no matter how much nourishment they might otherwise contain our systems cannot make the best use of such nourishment owing to the absence of those elements necessary to their assimilation."

The conclusions of Eddie and Simpson of the research staff of the School of Tropical Medicine, University of Liverpool, throw still another light upon the experiments of Hopkins."

"It has been proved by Bradton and other workers in the east that exclusive use of polished rice as a diet leads to a form of acidosis or peripheral neuritis. This disease does not occur in those native races who use whole rice or unpolished rice as a diet."

"Our own experiments have been extended to similar work in relation to the stripping of the outer case from the wheat berry so as to produce white bread instead of a brown bread and we find that parallel results are obtained when the outer layers are excluded from the diet with both wheat and rice."

"These experiments clearly demonstrate that the outer part of the grain contains the essential constituents for the nutrition of the nervous system both in growing animals and in adults."

Eddie and Simpson could hardly have been more explicit in their conclusions.

Benjamin Moore, chief of the biochemical department of the Liverpool School of Tropical Medicine, as the result of his laboratory research was forced to the following conclusions, which America may well heed:

STREET COMMISSIONER ELECTION AT BLUFFS

Voters Will Select Successor to Dr. C. A. Evans Tuesday—Mrs. Sappington Has Accident.

Bluffs, Ill., April 1.—Verna Patton entertained a number of her friends at her home Saturday afternoon in honor of her ninth birthday.

Rev. Scott Peak, residing on a farm near Exeter, will hold a public sale at his home Tuesday, April 11, for the purpose of disposing of his farm near Exeter, will hold a public sale in health he has decided to quit farming.

The dwelling of Mrs. Robert Sawyers in the south part was damaged Friday when the roof caught on fire from a defective flue. The fire spread rapidly but quick action soon put the flames under control.

Owing to lack of interest and patronage the public reading room, which was opened by the Monday club three months ago, will be closed by that society.

Mrs. Horace Sappington had the misfortune to fall forward in her yard Saturday morning. Besides being badly shaken up she suffered a broken nose and the loss of a tooth. Although a young woman she does not enjoy the best of health and dizziness is supposed to have caused the fall. Dr. H. L. Day dressed her wounds. Mr. Sappington, who has had the grippe for several weeks has suffered a relapse and is also confined at his home.

John Fine was a business visitor in Barry Friday.

Dr. Evans Had Good Record.

An election will be held in town Tuesday, April 1, for the purpose of electing a street commissioner. Henry Rol, Hiram Vangundy and C. J. Atwood are the candidates in the field. Dr. C. A. Evans is the retiring commissioner. The doctor has the welfare of the village at heart and has served without pay, thereby putting extra money in the treasury.

Mrs. Cynthia Meats of Springfield is the guest of her son, Claude Meats, and family.

Mrs. Charles Willis, Rosa Finnigsmier and daughter Ruth were shopping in Jacksonville Thursday.

Mrs. Ralph Holliday has returned from East St. Louis, where she has been visiting relatives for the past six weeks.

The German Lutherans will hold confirmation exercises at the church on Easter morning and in the evening the Sunday school will hold Easter services.

Daniel Harvey has returned from Pittsburgh, Pa., where he has spent several weeks as the guest of relatives.

SUGGESTS PLAN FOR OPPOSING THE MAIL ORDER HOUSES

Jacksonville Man Thinks Hope of Retailer Is by Co-operative Effort in Offering to Duplicate Catalogue Offers.

A traveling man resident in Jacksonville, who has been engaged in mercantile work for a great many years, has written the following suggestions as to the best methods for the retail merchant to combat the incursions of the mail order house upon retail business. He says: "The mail order houses and peddlers are sapping the life out of the retail business of the entire country and at the present rate ten years from now the retail merchants will be few in number. It is within the power of the retailers to eliminate the mail order houses within five years' time if they are only willing to organize and do it."

Educational Campaign.

"The plan I advocate is for the merchants to get together and buy full page space in the daily and weekly papers of their various cities and start an educational campaign. Have the statements signed by the various merchants and let the people know that you mean business. Use these merchants' names every time the advertisement appears and tell the public that all you want is a chance. Don't buy catalogs, but tell the people to bring their mail order house catalogs and buy of you on the same basis—cash in advance. Declare that you will duplicate any and every item in the catalog. Prove that you can get it just as quickly as they can from the mail order house and promise to take back the goods if not satisfactory. By following this policy month after month and year after year you will get the business."

"The educational talk each day and week will convince most people who love their town and community, that every dollar they are sending off should be spent at home. Other things being equal, they will do it. Show them that you pay taxes to keep up the roads, the schools and the churches; that you buy all their country produce, sometimes at a loss, and that in various ways your business is necessary to the best interests of the community. Show them, too, that they are helping make the mail order house people rich. Statistics show that these firms made an average of 42 per cent last year, with little investment because they had the people's money in advance. The plan will cost something, but the longer it is delayed the more will be the cost. You need not fear duplicating the prices of these mail order houses, and you will wind up the year with a profit, besides keeping the money at home."

Co-operative Effort.
"Earnest co-operative work is necessary to accomplish the results. Select one merchant from each line in the town to do the ordering. Let the other merchants have their clerks instructed to solicit their customers and friends to bring in catalogs. Keep continually calling attention to names of merchants in the papers. At the close of the year let every merchant pay his share of the advertising in proportion to the amount of business done. Publish all the facts about the educational cost and show the loss or gain for the year's business. Some real co-operative work is necessary if the mail order business is to be headed off, and now is the time to do it."

COMING

Look for the Wonder and Guess What It Is

A RELIABLE HOUSE WITHIN ABOUT A MONTH, WILL PLACE ON THE MARKET A FIVE PASSENGER AUTOMOBILE, SELF STARTER, LIGHTS, ETC., FOR BETWEEN \$500 AND \$600. THE NAME OF THE HOUSE AND THE LOCAL DEALER WILL BE A GUARANTEE OF THE WORTH OF THE CAR.

STOLE HAMS.
Some thieves entered the premises of Hassell Hopper of South Diamond street Friday night and stole two fine hams. A shoulder was also hanging in the same room but this was left as the thieves evidently thought Mr. Hopper might need something to eat.

RODHOUSE PYTHIAN SISTERS GIVE COMEDY AND MINSTRELS

Comic Circus Given Saturday Night Proves Big Success—Greene County Farm Improvement Association Organized.

Rodhouse, Ill., April 1.—A successful comedy circus and minstrel performance was given Saturday evening by the Pythian Sisters. From the first number the program was full of fun and each member of the large audience was more than well pleased. The first event, "A Pair of Camels," given by Messrs. Campbell, was followed by a song by the "Mixed Quartet," Lynn Kincaid, Miss Doris Shuman, Miss Bessie Griffith and George Arnold. The remaining numbers follow:

"The Tallest Woman," Mrs. Luther Compton.
"The Tattooed Woman," Miss Abbie Husted.

Ladies' trio, Misses Bess Griffith, Doris Shuman and Mary Amos.
"Snake Charmer," Mrs. Mary Johnstone.

"Fat Lady," Mr. George Bandy.
"Glass Eater," Mrs. W. L. Kincaid.

Reading, Mrs. Leo Rodhouse.
Ladies colored minstrel numbers by Misses Maude Gibbins, Lena Gerbing, Elsie Hult and Maudie Stine.

Farmers' Organization.

The Greene County Farm Improvement association was organized at a recent mass meeting of farmers at Carrollton and topics of general rural betterment will be considered from time to time. A farm advisor for Greene county is talked of and may be that the association will take the lead shortly in securing a county agent. Following are the township chairmen:

Athensville—John Few.
Bluffs—Henry Beyland.
Carrollton—John H. Thomas.
Kane—J. G. Pope.
Linder—Ninian Burrus.
Patterson—Arthur Houghton.
Rock Bridge—O. B. Rives.
Rodhouse—L. R. Lee.
Rubicon—J. G. Burns.
Walkerville—Lester Vinyard.
White Hall—C. I. McCollister.
Woodville—W. E. Wood.
Rightsville—L. H. Rafferty.

Mexican War Veteran.
Daniel Pope of White Hall has the distinction of being one of the few survivors of the war with Mexico in the United States today. Until a few years ago there were two other Mexican war veterans in the county, the late A. L. Steelman of Rodhouse and the late J. G. Heron of White Hall.
